CIRCULAR No. 2.

FINANCIAL COMMISSIONER'S OFFICE :

Dated Lahore, 17th January 1899.

To

ALL REVENUE COURTS IN THE PUNJAB.

Decrees in suits for arrears of kind rent.

THE Financial Commissioner has noticed in suits for arrears of rent payable in kind that decrees are often given on meagre or unreliable evidence. One reason is that sufficient use is not made of the documentary evidence contained in Patwárís' papers and village registers; another that there is great uncertainty regarding the outturn on each class of land.

2. In such suits it is necessary to have a finding on each of the following points :—

(*a*) The area under each kind of crop grown in the harvests for which the rent is claimed.

(*b*) The approximate gross outturn.

(*c*) The share of the produce, after deducting *kamiána* and reaper's dues if any, to which the landlord is entitled.

(*d*) The prices at which the landlord's share should be commuted.

3. Information under head (*a*) can be obtained from the *khasra girdáwari*. It will therefore, be necessary that the Courts should insist on landlords, who sue for rents in kind, filing with their plaints not only the usual extract from the *jamabandi* but also one from the *khasra girdawari* for the harvests for which the rent is claimed. Patwárís should also be directed to note on the extract from the *jamabandi* the amount of the demand payable for the land in dispute for each harvest, the land revenue and cesses being shown separately. The area to be ascertained as under each crop will of course be that under matured crops, failed crops (*kharába*) being deducted.

4. As to (*b*) separate orders are being issued for the preparation for each district of statements showing by assessment circles the estimated average outturn per acre of all principal crops on each class of soil. These, when ready, will be made available for reference by all Revenue Courts, and it is requested that they may be referred to before decrees are passed for arrears of rent payable in kind. When rent is claimed for some crop not named in these statements evidence must be taken as to its outturn. As to *kamiána* and other deductions from the gross produce when there is doubt, it will generally be safe to allow about 12 per cent. on *cháhi* lands and 10 per cent. on other classes of land.

5. As to (*c*) the extract from the *jamabandi* should show in the rent column the share of the produce due to the landlord.

6. Information about (*d*) presents some difficulty. The harvest prices are now recorded for each assessment circle and could be ascertained by a reference to the *Tahsíl* register of the assessment circle in which the village is situated, but the Financial Commissioner thinks Courts can hardly be expected to make such a reference. To meet this difficulty Collectors are advised to direct Tahsíldárs to send a copy of their harvest prices to each Revenue Court every six months.

7. The Revenue Courts are reminded that the Government is entitled to half the net assets of the landlord as land revenue, though as a fact Government rarely takes so much. Where therefore there is a doubt about the actual outturn of any particular crop, a simple way out of the difficulty is to decree the landlord fully double the amount of land revenue and cesses he has to pay for the fields in question. Theoretically the cesses should not be included, but in practice it will be equitable to include them. The Financial Commissioner also desires to remind the Revenue Courts that though a landlord is legally entitled to sue for arrears of rent due within three years of the date of the institution of the suit, all claims for rent of more than a year old should be viewed with a certain amount of suspicion. In such cases the landlord should be asked to give the reason why he did not bring his claim sooner. If no good reason is produced, it may be presumed that the delay was probably because the older harvests were bad ones, and the landlord made no real demand for a rent which he knew would be worth little.

8. Every judgment in which a decree is passed for arrears of rent payable in kind should contain a statement in the following form, showing succinctly the process by which the decree has been arrived at :—

Village *Assessment Circle.*

Harvest.	Crop.	Soil.	Matured area.	Average outturn per acre.	Gross outturn.	Deductions for Kamiána, &c., &c	Landlord's share.	Average price by circle note-book.	Value of landlord's share.

There may of course be good reasons for departing from the amount brought out by a calculation made at the circle rates of outturn. The harvest may have been above or below a normal yield owing to exceptionally good or bad rainfall or irrigation. Such reasons must be taken into consideration before deciding on the amount to which the landlord is entitled. The Financial Commissioner has no wish to bind the Courts to hard-and-fast rules, or to insist that all rents should be decreed by mere rule of thumb. All he desires is that the Revenue Courts shall have before them such data as are available for a right decision in suits of this kind, and that they shall make an intelligent use of them.

9. Finally, the Financial Commissioner would impress on all Appellate Courts that if the first Court of Appeal insists that the particulars set forth in paragraphs 2 and 8 above shall always be contained in the judgment of the Court of first instance, decrees for arrears of rent will be based on more satisfactory grounds than at present. If so it is probable that more justice will be done to both parties to a suit than is sometimes now the case, that occasions for appeals and applications for revision will be fewer, and that all Revenue Courts will feel some confidence in the soundness of their conclusions.

RULES.

(1). No student of the Training College will be allowed to accept Government or other employment during the currency of the Session. Should any student leave the College without the Principal's sanction before completing the full course of training and appearing in the Certificate Examination he will be required to refund the amount of the stipends drawn.

(2). All students under training must reside in the Boarding House provided for them, unless especially exempted by the controlling officer. Such exemptions will only be granted in *very exceptional cases*. The Boarding House fees vary from 12 annas to Re. 1-8-0, and are levied in proportion to the rate of stipends given.

(3). Any student absent from a house examination without leave will be dismissed.

(5). If any student is absent without leave for more than a week, his name shall be struck off the rolls.

(6). No application for leave will be considered, except in very exceptional cases, unless presented by the applicant in person. If any student leaves the station and sends an application for leave, he will be treated, during the time of his absence, as being absent without leave.

(7). All Anglo-Vernacular students are required to pay 4 annas a month, and Vernacular students 2 annas a month, to the Reading Room and Cricket Fund.

CORRECTION SLIP NO. 129.

Dated Lahore, the 23rd January 1899.

On page 1, Instructions to Judicial Officers, Volume II, Section I, ***after*** paragraph 1, *add* the following :—

1*a*. Some diversity of practice has been found to exist with regard to the reception of petitions of appeal (Civil) and the like, presented during the September vacation. It is pointed out that it is optional with litigants to bring their petitions during the vacation, but if such petitions are brought, they should be received, and the Clerk of the Court should at once fix a date for hearing before the Judge, informing the petitioner in the usual way of such date.

1*b*. Civil suits and appeals ought not, as a rule, to be taken up during the vacation or on a holiday, but any civil suit or appeal may be legally heard, by conseut of the parties, during the vacation or on a holiday, if the Presiding Officer of the Court think it expedient, for any reason, to keep his Court open for the purpose.

1*c*. Provision for the disposal of urgent or important criminal business on holidays should always be made, and where criminal business is heavy and in arrears, the Criminal Courts should certainly not be closed on days which are not public office or local holidays, whether such days are Civil Court holidays or not.

1*d*. The members of the ministerial establishments of the Courts, whether Civil or Criminal, should attend their offices and discharge their duties on all days, except those which are allowed as local holidays, or holidays to all public offices in the province.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 3.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 18th February 1899.

To

ALL COMMISSIONERS, THE SETTLEMENT COMMISSIONER, ALL DEPUTY COMMISSIONERS AND SETTLEMENT OFFICERS AND THE DIRECTOR OF LAND RECORDS AND AGRICULTURE, PUNJAB.

Orders regarding maintenance of lists of Government waste lands.

RULE 2 of the Waste Land Lease Rules (Correction Slip 649 to page 670 of the Revenue Circulars) lays down that lists of Government waste lands in each district excluding the areas mentioned in Rule 1 shall be maintained by the Collector. Hitherto no orders have been issued for the preparation of these lists. The Financial Commissioner desires that a Register such as is contemplated in the rules be now opened in each district in which no lists that fulfil the requirements of Rule 2 are at present kept up.

2. Government lands under the charge of the Deputy Commissioner may roughly be divided into—

(1) Lands acquired for public purposes.

(2) Nazúl lands and other Government property.

(3) Government waste lands.

The record of the first class is provided for by Rule XXXIX in Revenue Circular 54: Nazul registers are doubtless maintained in all districts: registers of other Government property such as encamping-grounds are presumably kept up in accordance with Punjab Government Consolidated Circular No. 6; and lists of waste lands under the Forest Department are kept up by that department.

3. The only class of land now to be provided for is waste land in the charge of the Deputy Commissioner. Where there is no register of such lands a register should be opened in the following form:—

1. Name of estate.
2. Whether consisting of whole or part of estate.
3. Area.
4. Whether irrigable from a Canal or not.
5. Annual income—
   (*a*) year,
   (*b*) income,
   (*c*) source of income.
6. Remarks. (Here note whether land is suitable for cultivation, grazing, &c.).

With reference to Column 1 it will be observed that all demarcated rakhs are estates under Land Revenue Rule 193. Column 5 will contain a continuous record of income: in Column 6 should be noted the purpose for which the land is useful; and if the land is sold or granted away, this also should be shown in that column.

By order,

W. S. HAMILTON,

Senior Secretary to the Financial Commissioner, Punjab.

CIRCULAR MEMO. No. 1.

FINANCIAL COMMISSIONER'S OFFICE :

Dated Lahore, 17th February 1899.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

WITH reference to this office Circular Memo. No. 2, dated 23rd March 1897, a copy of the following correspondence, relating to the Settlement training of Tahsildar and Naib Tahsildar candidates, is circulated for information and guidance.

By order,

W. S. HAMILTON,

Senior Secretary to Financial Commissioner, Punjab.

No. 579, dated Lahore, 8th September 1898.

From—W. S. HAMILTON, Esquire, Senior Secretary to the Financial Commissioner, Punjab,

To—The Revenue Secretary to Government, Punjab.

WITH reference to correspondence ending with your letter No. 126, dated 23rd February 1897, I am directed to forward a copy of a letter from the Settlement Commissioner, No. 823, dated 20th July 1898, and of its enclosure, in which it is proposed that Tahsildar candidates on Settlement training should be given allowances.

2. The present state of the case is as follows :—

(*i*). Naib Tahsildar candidates appointed under Rule 147, 1 (*a*) under the Land Revenue Act are required to undergo a Revenue or Settlement training in accordance with Rule 151, (*a*). and receive an allowance of Rs. 15 per mensem during such training (paragraph 331, of Revenue Circular 22).

(*ii*). Naib Tahsildar candidates appointed under Rule 147, 1 (*b*) are not required by *rule* to undergo any Revenue or Settlement training, but Commissioners may order particular candidates to undergo such training (Correction Slip No. 336 to page 105 of the Revenue Circulars). Such candidates receive no allowances.

(*iii*). Tahsildars appointed under Rule 157 are not required to be trained in Settlement or Revenue work. All persons appointed under this rule will as a matter of fact already be fully trained in Revenue with the exception of Superintendents and Head Clerks.

(*iv*). Tahsildars appointed under Rule 160 are required to undergo Revenue training,—*vide* Financial Commissioner's Circular Memo. No. 2 of 1897. Such candidates get no allowances.

3. The principle hitherto observed seems to be that candidates required by rule under the Land Revenue Act to undergo training are given allowances, whilst candidates not required by rule to be trained, but only ordered executively to be trained, have not been given allowances. The Financial Commissioner has, however, on occasions granted allowances to persons other than those for whom such allowances are sanctioned.

4. The Financial Commissioner thinks that the following questions should now be decided :—

(*a*) Should not Superintendents and Head Clerks be required to undergo Settlement training if they have not had previous Revenue experience?

(*b*) If question (*a*) is answered in the affirmative, should such candidates be given allowances?

(*c*) Should Tahsildars appointed under Rule 160, when required to undergo Revenue or Settlement training under Circular Memo. No. 2 of 1897 be given allowances?

(*d*) Should Naib Tahsildar candidates ordered under Correction Slip 336 to undergo practical training in Revenue work be given allowances?

5. In answer to question (*a*), the Financial Commissioner is of opinion that all persons who have not got previous Revenue experience should, when practicable, be trained in a Settlement before being appointed Tahsildars or Naib Tahsildars. To effect this all that is required is, Mr. Thorburn thinks, an executive order similar to that contained in Circular Memo. No. 2 of 1897. There seems to be no need for a rule under the Land Revenue Act.

6. As to allowances the Financial Commissioner considers that all persons required to undergo training in a Settlement—whether by rule or by executive order—should be given allowances of Rs. 15. The Financial Commissioner would not give more than Rs. 15 in any case, as the person under training is only an apprentice learning to qualify himself for remunerative employment, and the allowance is a mere subsistence allowance made of grace to enable him to live without the necessity of incurring debt. Rupees 15 will therefore suffice for the Tahsildar as well as for the Naib Tahsildar candidate.

7. Such allowances should not be given to persons who are entitled to furlough on allowances of or exceeding Rs. 15 per mensem. If the leave allowances to which the candidate is entitled are less than Rs. 15 they should be made up to this amount.

8. If an allowance is to be given in all cases the Financial Commissioner thinks that it should be paid out of a special grant for the purpose. It would perhaps be hardly justifiable to charge the allowances against the Settlement Budget as is now done in the case of Naib Tahsildar candidates, as persons under training are almost useless for Settlement purposes. If the charge is to be made against the Settlement Budget provision will probably have to be made for it.

No. 641, dated Lahore, 5th October 1898.

From—M. W. FENTON, Esquire, Revenue Secretary to Government, Punjab,
To—The Senior Secretary to the Financial Commissioner, Punjab.

I AM directed to convey the approval of the Lieutenant-Governor to the proposals submitted in your letter No. 579 dated the 8th September 1898, for the Settlement training of Tahsildar and Naib Tahsildar candidates, except the proposal in paragraph 8 to pay their allowances out of a special grant for the purpose, apart from the Settlement Budget.

2. I am to remark that His Honor believes that it is far from the case that candidates under training are "almost useless for Settlement purposes." If they are, they are not fit to be candidates. The Lieutenant-Governor thinks that the principle of paragraph 33 (page 105) of Revenue Circular No. 22 should be maintained, *viz.*, to utilize such candidates in the work of Settlement and pay them out of the grant for temporary establishment or as members of the permanent establishment—Kánúngos or Deputy Superintendents—when they have gained sufficient experience for those posts.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 4

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, the 7th March 1899.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS
IN THE PUNJAB.

THE following instructions are issued for the preparation of District Reports and Returns of Income Tax Operations for the year 1898-99.

2. Instructions for the preparation of the prescribed returns are printed below. Attention is invited to clause (*iii*) (*c*) of the instructions relating to Return No. IV and to the paragraph relating to Return No. VI. Returns Nos. III and VI should be sent for verification to the Accountant-General with the least possible delay and be submitted to this office with the other returns after clearing up any discrepancies that may be discovered.

3. The District Reports and Returns are due from Commissioners by the 1st of May. Divisional Reports are not required. The District Reports will be forwarded by Commissioners with their own remarks, and the returns should be carefully checked in the offices of Commissioners before submission to this office.

The District Reports should be prepared generally on the following lines:—

(*i*). The total initial and final demand under all Parts (Schedule II of the Act) should be compared briefly with the figures of the preceding year.

(*ii*). Increases and decreases in the final demand should be discussed under each Part separately.

(*iii*). The initial demand under Part IV should be compared with the Final Demand, and the result of proceedings in revision by the Collector and Commissioner should be noticed. The total number of objections preferred and disposed of by the Collector and his subordinates should be shewn separately with the amount of remissions ordered. Details should also be furnished as to the objections disposed of, *i.e.*, how many accepted in full, how many accepted in part, and how many rejected. Similar information should be supplied as to appeals to Commissioners. The percentage of objections to the total number of assessees, of remissions to initial demand and of successful objections should also be given.

(*iv*). Under Part IV an analysis should be given, showing in which class of assessees (as denoted by Return No. III) changes have been most remarkable. The percentage of tax paid by assessees of each class and the incidence of the tax on assessees of all classes should be given. Mention should also be made of the changes shown in Return V.

(*v*). Statistics of the incidence of the tax (under Part IV) in (*a*) large towns, civil stations and cantonments, and (*b*) rural tracts, should be furnished. Incidence should be calculated per *mille* and figures of population given.

(*vi*). Estimates of the amount of assessments for the ensuing year (under Part IV) should be given.

(*vii*). The total balance under each Part should be stated with the reason for non-recovery, and the balance on account of previous years should be separately noticed. The balance under Part IV should receive particular attention.

(*viii*). Fines and penalties, if any, should be noticed and an explanation given of the nature of offences for which they were imposed.

(*ix*). Variations in the cost of income tax administration should be commented upon.

(*x*). Any special cases which may have occurred should be noted, and any remarks which the Collector desires to make on the working of the Act may be added.

4. The Government of India having asked for information regarding the total assessment and collections of Income Tax in cities (including cantonments) with a population of 50,000 and over, the Deputy Commissioners in whose districts are cities (including cantonments), with a population of 50,000 and over, should fill in the statement in the form appended to this Circular. The information as to city and cantonment should, if possible, be given separately, the figures of population being taken from the Census Table IV of 1891.

By order,

W. M. HAILEY,

Translated.) *Junior Secretary to the Financial Commissioner, Punjab.*

Memorandum regarding the Annual Income Tax Returns of the Punjab.

Return I.—For this the figures are procured independently of the District Offices.

Return II.—This return shows realizations from interest on securities under Part III of the second schedule to the Act. District Officers will fill in the particulars required by columns 7 and 8 which relate to securities issued by local authorities or companies, *vide* Part III, clause (*l*) of the second schedule. They will have nothing to do with the filling in of columns 3 to 6, the figures for which will be supplied by the Accountant-General.

Return III.—(*i*). Columns 3 and 4 are not to be filled up in District Offices, and column 13 is to correspond to column 8, Return II.

(*ii*). Return III is to show total collections during the year under report, whether on account of that year or of previous or succeeding years. In the columns up to 20 inclusive—subject to (*i*) above—all receipts should be shown whether refunds have been subsequently made under Chapter IV of the Act or otherwise. Sums received on account of other districts should be included in Return III of the district *where the payment is actually made*, and *not* in Return III of the district on account of which it was made. It follows that column 20 should show a total in complete accordance with the figures of the Accounts Department.

(*iii*). Column 21 (Refunds) should similarly include all refunds actually made during the year under report whether on account of that year or of previous years, and whether made under Chapter IV of the Act or Section 33 or otherwise. The total of the column should therefore agree with the figure of refunds in the books of the Accountant-General. It should be stated in the column of remarks what amount (if any) of the total refunds entered in column 21 was on account of refunds to Government servants whose income tax realizations are made by Accountant-General.

(*iv*) Return III as originally prescribed had no column for miscellaneous receipts, though the Accountant-General has an entry of this kind in his books. A column for these receipts (No. 19*a*) has been added; and the heading of column 20 must be "total of columns 17, 18, 19 and 19*a*."

Return IV.—(*i*). The entries by Deputy Commissioners in this return under Part I should not include deductions from salaries, pensions, annuities and gratuities paid by Government, but only from those paid by local authorities, companies, public bodies, associations and private employers.

(*ii*). The entry opposite Part III should show only the tax on interest on securities of local authorities or companies—see column 8, Return II—and should not include tax on interest on Government securities. Columns 2, 4, 6 and 8 opposite Part III may be left blank.

(*iii*). For the return generally the following directions should be very carefully followed:—

(*a*). Fill up columns 3, 5 and 7 throughout.

(*b*). Treat the return as an *administrative* one. "Demand means demand *on account of the year under report* only." Collections, if any, in the previous year on account of the year under report should be included. Demand under all heads on account of previous years, and collections under all heads during the year under report on account of previous years, should be shown only in columns 14 and 19, respectively. Collections during the year under report on account of the ensuing year should be entirely excluded; as also should sums collected and afterwards refunded or ordered to be refunded. Sums collected in one district on account of another are to be included in Return IV of the district *on account of which* the collection was made and *not* in Return IV of the district in which the collection was made.

(*c*). Column 14 should agree with column 21 of the preceding year's return, and if a portion of the arrears of previous years has been struck off or is irrecoverable, the fact should be noted in the column of remarks.

(*d*). Column 15 should equal column 20 + column 21 or an explanation of the discrepancy should be given. Column 21 should show only *recoverable balances.*

(*e*). It follows that the totals of column 22 Return III, will in most districts differ from the total of column 20 of Return IV. The difference, if any, should be fully explained in a + or — account in the "Remarks" column of Return IV.

(*iv*). As in the case of Return III, this return should show miscellaneous receipts. Columns 13*a* and 18*a* have been added for this purpose, the first for demand and the second for collections. The proper heading of column 15 is therefore "total of columns 9, 11, 13, 13*a* and 14."

Return V.—This is also an administrative return No entries should be made by Deputy Commissioners on account of salaries, &c, paid by Government. This return is intended to show details of demand and not of collections, and columns for Grand Total opposite "Abstract I—Salaries—Others" should therefore correspond to the figures in columns 8 and 9, Return IV, opposite Part I; columns for Grand Total opposite "Abstract II—Companies" should correspond to columns 8 and 9, Return IV, opposite Part II; columns for Grand Total opposite "Abstract IV—Other Sources" sould correspond to columns 8 and 9, Return IV, opposite Part IV

Return VI.—This return shows the expenditure and presents no difficulties. It should include the pay and deputation allowances of officers on special duty, and the pay of District, Tahsil and Cantonment Muharrirs. Travelling allowance should not be debited to income tax expenditure unless an officer goes into camp for the sole purpose of the administration of the income tax. The charges for country paper, lithography, &c., for income tax need not be kept separately from the general district expenditure under these heads, nor need they be shown in this return. It should be carefully noted that in this return only the payments actually made during the year should be entered, and any charges falling due but not paid during that period should be excluded. Moreover, details of the figures entered in column 3 should be given in the column of remarks showing how much of the charge is on account of Permanent and Temporary Establishments, respectively.

N. B.—In the returns generally only whole rupees should be entered. Fractions of rupees less than eight annas should be neglected, eight annas or more being counted as a whole rupee.

Addenda and Corrigenda to Punjab Revenue Circulars.

Lahore, the 13th March 1899.

No. 715.

IN paragraph 2 of Correction Slip No. 672 to Revenue Circular 56 *for* "no leases shall be given, &c," *substitute* "no long leases should be given to fresh applicants, and no existing long leases which fall in should be renewed unless the lessee has a legal or equitable claim to renewal. New leases for single harvest cultivation ought to be given sparingly, and only when the Deputy Commissioner thinks them really necessary in the interests of the applicants, not merely with a view to obtain income from this source. No single harvest lease should be regranted for a longer period; and in any case in which such a lease is regranted under the preceding rules, in order to guard against the contingency of claims against Government founded upon continuity of lease or possession, a period of at least one day, during which the relation of landlord and tenant shall not be in existence as between the Government and the lessee, shall in all cases intervene between the

expiry of the period of any lease and the commencement of the period of the lease by which it is regranted, and the new lease shall expressly declare that at the time of its commencement the relations of landlord and tenant which existed under the expired lease had ceased to exist.

II.—MEETING 1898-99.

Proceedings of a meeting of the Committee held on Friday, the 10th March 1899, at 5 P.M.

PRESENT :

1. J. Sime, Esq., LL D., C. I. E., *in the chair.*
2. The Reverend E. J. Warlow, M. A.
3. Lála Ishwar Dás, M. A.
4. W. Hawkins, Esq.
5. Lála Kunj Behári Thapar, *Secretary.*

I. *Accounts.*—Accounts for the months of December 1898, and January and February 1899, were examined and passed.

II. *Purchase of books.*—The list of books proposed for purchase by the Secretary, and examined by the "Standing Sub-Committee for the Purchase of Books," was passed with some modifications. The Committee was of opinion that lists of books proposed for purchase might be made up twice in the year,—once in March and again in September.

III. Mr. F. H. Andrews, member of the Committee, having retired from the service of Government, it was decided to recommend to the Punjab Government the nomination of Captain J. R. Dunlop-Smith, if he is willing to act.

IV. With reference to the offer of Mr. T. W. Arnold to present certain books to the Library in lieu of the usual donation for life membership, the Secretary was directed to inform him that the Committee regret that the state of the finances does not admit of their accepting books instead of the payment in cash.

V. *Read* a letter from Mr. Cockey of Lahore offering for sale a rare edition of "Ciceronis Opera." It was decided not to purchase the book, as it is not a function of the Punjab Public Library to purchase old and rare books.

VI. *Read* a letter from Mr. J. H. Oldham, Secretary, Young Men's Christian Association, Lahore, asking whether the Committee of the Punjab Public Library would be willing to grant permission that he, as Secretary of the Association, should, on payment of one or more subscriptions, be allowed to take out books from the Library up to the limit subscribed for, with the power to lend them to the members of the Association. The Board of Directors of the Association, he said, would make itself responsible for the return of the books within the specified time, and would undertake to make good any loss or damage should such occur, and would be prepared to make such deposit as the Committee of the Library might demand. After some discussion it was decided to inform Mr. Oldham that the Committee regret that Rule III 6 precludes their complying with the wishes of the Board of Directors of the Young Men's Christian Association.

VII. It was decided to record the nomination of Mr. J. C. Godley and Mr. W. Hawkins by the Lahore and Meean Meer Institute, and the Lahore Municipal Committee respectively, as their representatives on the Committee, and a cordial vote of thanks to the retiring members, Mr. J. S. Brown and Lála Ganpat Rái.

VIII. *Read* a letter from the Secretary, Lahore Municipal Committee, intimating that the Committee have raised their annual grant to the Punjab Public Library from Rs. 600 to Rs. 1,200, with effect from the next financial year.

IX. The Siálkot District Board having increased their annual grant to the Library, it was decided to allow them to take out books, not exceeding fifty at a time, the Board undertaking to pay the cost of carriage both ways, to see that the books taken are punctually returned within two months and ten days, and to make good any loss or damage should such occur. The Secretary was directed to report, after a year, as to the working of this arrangement which the Committee decided to sanction purely as an experiment.

X. *Read* a letter from Lála Diwán Chand, M. A., LL. B., Extra Assistant Commissioner, Amritsar, proposing the addition to Rule I 16 of the words "an annual subscriber would also be entitled to the same privilege, if he has continued as such for 12 years." 2. The maximum amount for which a letter can be insured will be £120. Letters, however, may not be insured at branch offices for any sum higher than £25.

3. The insurance fee in addition to the postage and registration fee will be as follows :—

		Annas.
When the amount insured does not exceed £5 ...	...	6
For every sum of £5 or fraction thereof, of insured value	...	6

4. The prepayment of the insurance fee will be compulsory and must be made in postage stamps affixed to the letter. As few stamps as possible must be used to prepay the postage and insurance fees. The stamp must not be folded over the edge of the cover, and when more stamps than one are used, they must be affixed with spaces between them.

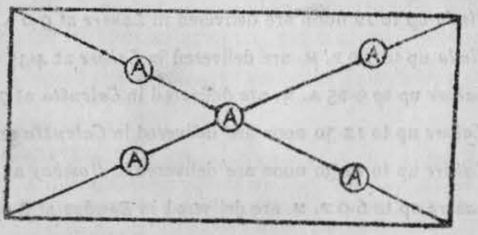

5. A receipt will be granted to the sender of a Foreign insured letter. He may also, as in the case of a registered letter, obtain an acknowledgment of receipt signed by the addressee, on payment of a fixed fee of 2 annas.

6. A letter should not be insured for a value higher than its real value. In the case of a fraudulent declaration of this nature, the sender will forfeit all claim to compensation.

7. Insured letters may not contain coin, anything made of gold or silver, precious stones, jewellery or any article liable to customs duty in the country of destination. If they are found to contain any of these articles, they will not be forwarded.

8. Every letter tendered for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with fine wax, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. Envelopes with black or coloured borders must not be used. Seals must be placed over each flap

or seam of the cover of a packet; and if the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. The seals on an ordinary envelope should be placed as shown below:—

9. All the seals on a letter must be of the same kind of wax, and must bear distinct impressions of the same private device. Coins must not be used for sealing, and the device must not consist merely of straight, crossed, or curved lines which could readily be imitated.

10. Insured letters addressed to initials or in pencil will not be accepted for transmission.

11. The amount of insured value must be written by the sender both in words and figures at the top of the address side of the cover, thus—"Insured for one hundred and twenty pounds (£120)." No alteration or erasure of the inscription will be allowed. If a mistake is made, the entry must be completely obliterated and an entirely new one made by the sender.

12. Compensation not exceeding the insured value will be granted to the sender, or at his request, to the addressee of an insured letter, for any actual loss or damage to the letter while in postal custody. The sender of a lost insured letter will also be entitled to a return of the postage paid, but in no case will the insurance fee be refunded.

13. Compensation may, however, be withheld:—

(*a*) When the loss or damage has been caused by the fault or negligence of the sender or arises from the nature of the article.

(*b*) When there has been fraud on the part of the sender.

(*c*) When the addressee does not apply for compensation within 12 months from the date of posting.

(*d*) On any ground on which a common carrier might in like case claim exemption from legal liability.

14. The Post Office ceases to be responsible when the owner of an insured letter has taken delivery against a clear receipt.

15. When an insured letter is redirected from one country to another, a fresh insurance fee will be payable for such transmission. This fee will be collected from the addressee on delivery.

16. As all the routes available for ordinary letters are not available for insured letters, the latter may be longer in transit than the former.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 5.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 30*th March* 1899.

To

ALL DEPUTY COMMISSIONERS IN THE PUNJAB.

AS it appears that this Office Circular No. 9, dated 13th December 1898, has been misunderstood by some officers the following further instructions are issued for guidance.

2. It was by no means intended by that Circular that Patwárís should do the work of Lambardárs or Chaukídárs, but merely to call attention to a new provision of the law which places on Patwárís in the matter of reporting crime the same legal obligation as on owners or occupiers of land, who are mentioned with Patwárís in Section 45 of the Criminal Procedure Code. Thus if a Patwári has reason to believe that a crime has been committed and has not been reported, he should convey information of the suspected or ascertained crimes to the nearest Magistrate or Police Station Officer. He can do this orally or in writing as circumstances require.

By order,
W. S. HAMILTON,
Senior Secretary to the Financial Commissioner, Punjab.

Proxy Papers.

1. The Proxy Papers received and a tabular statement of them were laid on the table.

Conferring of LL.D. Degree on Sir C. A. Roe.

2. The Vice-Chancellor read out to the Meeting the first proposal on the list of Agenda:—

(a) *That Sir Charles Arthur Roe,* KT., M.A., *late Vice-Chancellor of the Panjab University, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Laws, and that under the provisions of Section* 16 *of the Panjab University Act the said Degree be conferred upon him* honoris causâ (see *paragraph* 1 *of the Proceedings of the Syndicate, dated* 4*th November* 1898) ;

(*b*) *That as Sir Charles Arthur Roe,* KT., M.A., *will not be able to present himself at the Convocation to be held on the* 3rd *January* 1899, *for the purpose of receiving the said Degree, the said Degree be conferred upon* in absentiâ.

He observed with regard to these proposals that it was not his intention in view of the long list of business before the meeting to say much, at all events, on his account. He would rather content himself with referring the Senate to the utterances of two authorities whose opinion will carry much more weight than anything that he could himself say.

He referred in the first place to the words of Sir W. H. Rattigan as recorded in the Proceedings of the Senate Meeting of the 15th April 1898 :—

"Gentlemen,—It is doubtlessly known to most of you that this will be the last occasion on which our worthy Vice-Chancellor will preside at our meetings, and I am sure that you will all agree with me that we have much reason to be grateful for the unceasing care and watchfulness he has devoted, despite the many demands upon his time as the Chief Judge of a very hard-worked Court, in promoting the true interests of our University. A warm sympathiser of high education, he has guided our barque, freighted with so many important interests, with uniform tact and judgment, and he has now the satisfaction of seeing that barque, on the eve of his departure, lying safely at anchor in smooth waters, with an increasing balance at her credit in the Bank. I feel, therefore, I am only giving expression to your wishes in proposing, which I now do, a cordial vote of thanks to Sir C. A. Roe for the services he has rendered the University during his tenure of office as Vice-Chancellor coupled with a kind farewell, and we hope that he may long live and enjoy the rest he has earned in the old country from whence he came."

The other utterance to which the Vice-Chancellor wished to refer was in the address of His Honor the Chancellor at the last Convocation, where he said :—

"Gentlemen,—Sir Charles Roe is an instance of that indomitable resolution which is evolved from a high standard of duty. With all the burdens attaching to his important judicial office, burdens immensely enhanced by the hopelessness of the struggle to keep abreast of the ever-increasing stream of work, he accepted the office of Vice-Chancellor in addition, because he realized that a public duty lay upon him; and I know that I shall be truly representing the feeling of our late Chancellor, as well as of this Convocation, when I say that for this willing yet onerous service he has deserved and has fully gained the gratitude of the Panjab University."

The present proposal, after it had been first before the Syndicate, had received the hearty support of His Honor the Chancellor. It had then come again before the Syndicate when it took the form of the proposal now before the Senate. The quotations above made concerned the services of Sir Charles Roe to the University. For the rest the Vice-Chancellor thought it was only necessary to refer to the high position held by Sir Charles for many years as Judge or Chief Judge of the Chief Court and to his labours in what is probably the most important branch of the law in this Province. The Vice-Chancellor, therefore, asked the Senate to pass the Resolution submitted by the Syndicate unanimously.

The Resolution was thereupon carried with acclamation.

Application of Dr. Stein for leave.

3. The Vice-Chancellor, in order to enable the Registrar to be present at the subsequent Proceedings, laid next before the Meeting the proposal numbered 8 on the Agenda list, *viz.*,—

That, in accordance with the recommendation of the Syndicate, contained in paragraph 1 *of their Proceedings of the* 25*th November* 1898, *and with a view to the early completion of the scientific task therein indicated, Dr. Stein be relieved from his duties in connection with the University Office for a period of six weeks in January-February* 1899.

The Vice-Chancellor in putting forward this proposal referred to the letter attached to the Proceedings of the Syndicate (see Appendix I), in which Dr. Stein had explained in detail the reasons connected with his work on the Sanskrit Chronicle of Kashmir which obliged him to ask for the partial leave indicated in the proposal. The Vice-Chancellor also explained that during this period of six weeks Dr. Stein would continue to carry on his work as Principal of the Oriental College, and further remarked that the expenses of the appointment of an Officiating Registrar will be more than covered by the savings on the last occasion of Dr. Stein's deputation to Kashmir.

Dr. Sime strongly supported the proposal and observed that it was desirable that the University should always be willing and ready, as far as practicable, to afford facilities for such an important and useful work as that which was in view. He invited the attention of the Senate to the fact that the Panjab University was the only institution of the kind in India with a distinctly oriental basis; that one of its special objects, as laid down in the Statutes, was to afford encouragement to the enlightened study of the Eastern Classical Languages and Literature, and that it was, on this account, that the Registrarship had come to be filled up by an Orientalist and Researcher of such repute as Dr. Stein. This being so, he personally believed that the Senate would be failing in its duty to Oriental Research, if it were not willing and ready to make the services of Dr. Stein available for the important work he had now on hand.

The proposal was thereupon passed unanimously.

University Convocation, 1898.

4. The second proposal on the Agenda list—

That Tuesday, the 3rd of January 1899, be fixed as the date for the next Convocation of the University (see *paragraph* 11 *of the Proceedings of the Syndicate, dated 4th November* 1898)—

was then read and agreed to.

Rules regarding procedure upon conferring Degrees.

5. The third proposal—

That the amendment of paragraph 1 *of the Rules regarding Procedure upon conferring Degrees be approved, as recommended in paragraph* 11 *of the Syndicate Proceedings, dated 4th November* 1898, *and that the Syndicate be authorized to affix the Common Seal of the University to the amended Rule*—

was also accepted, and it was agreed that the paragraph should stand thus—

The proceedings shall commence by the Vice-Chancellor requesting Chancellor to declare the Convocation open. After Convocation has been opened, the Chancellor shall say in Urdu to the graduates in Oriental Learning and in English to the graduates in Arts and other Faculties.

List of graduates, &c., 1898.

6. The next proposal was—

That the degrees specified in Appendix V of the Syndicate Proceedings, dated 4th November 1898, *be conferred upon the candidates named therein, who are duly certified to have passed the examinations and fulfilled the other conditions necessary for the several degrees referred to, in accordance with the Statutes, Rules and Regulations now in force, and with the provisions of Section* 14 *of the Panjab University Act, and that the various Medals, Scholarships and Special Prizes be awarded as specified therein.*

This was passed with the amendment that the medals recently endowed by Sahibzada Muhammad Obaidullah Khan, C. I. E., and Khan Bahadur Shaikh Nanak Bakhsh be included in the list. (*See* Appendix II.)

Syndics for 1899.

7. The fifth proposal was—

That the nomination of Syndics for the year 1899, *as proposed by the Medical, Law, Arts, Oriental and Science Faculties in their Proceedings of the 18th October, and 11th, 24th, 4th and 10th November* 1898, *respectively, be approved.*

In connection herewith the Vice-Chancellor explained that it had been found impossible to hold a meeting of the Engineering Faculty. He accordingly proposed that Rai Bahadur Ganga Ram be nominated Syndic for the Engineering Faculty as in previous years. The proposal with this addition was then passed. (*See* Appendix III.)

Board of Accounts, 1899.

8. The next proposal—

That the nomination of Members of the Board of Accounts for 1899, *as proposed in paragraph* 13 *of the Syndicate Proceedings, dated 4th November* 1898, *be approved*—

was also accepted. (*See* Appendix IV.)

Representatives on the Oriental College Committee.

9. The seventh business—

That the nomination of Members on the Oriental College Committee, as proposed by the Oriental, Arts, Law, Science and Medical Faculties in their Proceedings of 4th, 24th, 11th, 10th and 21st November 1898, *respectively, be accepted*—

was approved. (*See* Appendix V.)

Representatives on the Text-Book Committee.

10. The next proposal was—

That the recommendation of the Syndicate regarding the nomination of Members to represent the University on the Text-Book Committee be approved (see *paragraph* 7 *of the Syndicate Proceedings, dated* 25*th November* 1898).

It was passed. (*See* Appendix VI.)

Subjects of Examination.

11. In putting forward the tenth proposal—

That the proviso indicated in paragraph 11 *of the Syndicate Proceedings, dated* 19*th February* 1897, *be added to the Regulations for the Intermediate* (*Arts and Oriental*), *B. A., B. O. L. and M. A. Examinations as regards the subjects specified in paragraph* 5 *of the Syndicate Proceedings, dated* 24*th March* 1898, *and that the Syndicate be authorized to affix the Common Seal of the University to the same*—

the Registrar explained the necessity which had arisen for this proviso being added to the Regulations in view of the fact that single candidates by taking up subjects not usually studied in the Province without due notice may cause considerable trouble and expense to the University. The proposal was passed *nem. con.* (*See* Appendix VII.)

Examiners for Arts, Oriental and Science Faculty Examination 1899.

12. The eleventh proposal—

was accepted, as also the nomination of M. Momin Ali as Examiner in Persian at the Middle School Examination in place of Maulvi Muhammad Din, M. O. L., deceased. (*See* Appendix VIII.)

Arrangement during Dr. Stein's absence.

13. The Senate next approved the proposal—

That the arrangements made by the Syndicate in paragraph 5 *of their Proceedings, dated* 13*th May* 1898, *for carrying on the duties of Dr. Stein as Principal, Oriental College, and Registrar, Panjab University, during the period of his late deputation to Kashmir, June-July* 1898, *be confirmed.* (See *Appendix* IX.)

was agreed to unanimously.

Pension to University Office.

16. The fifteenth proposal was next read—

That the proposal of the Board of Accounts for the establishment of a Pension Fund for the employés of the University Office, as approved by the Syndicate (see *Proceedings, dated* 25*th November* 1898, *paragraph* 6), *be sanctioned.*

The Vice-Chancellor explained in detail the reasons which had induced the Board of Accounts and the Syndicate to recommend the establishment of a Pension Fund and to make the payment of contributions to it compulsory both for present establishment and employés newly joining.

In reply to some enquiries of Mr. Shah Din, the Vice-Chancellor observed that the Syndicate would, under the proposed arrangements be, at liberty to recommend special facilities as regards the payment of arrear contributions in the case of clerks who had been in the University employ for a longer period and had rendered meritorious services.

In order to define more clearly the object of the proposal now before the Senate Dr. Ewing proposed, and Mr. Shah Din seconded, the following amendment:—

"That the principle implied in the proposal of the Board of Accounts for the establishment of a Pension Fund for the employés of the University Office be accepted; that the proposal be made to take effect from the 1st April 1899; and that the Syndicate be desired to draw up detailed rules for the management of the Pension Fund about to be established."

The Resolution thus amended was then put to the vote and carried unanimously. (*See* Appendix XII).

University and Government Auditor's Report.

17. The following proposal—

(*a*) *That the Reports of the University Auditor for the quarter ending* 31*st March and for the half-year ending* 30*th September*, 1898, *together with the remarks of the Syndicate thereon, be accepted* (vide *paragraphs* 1 *and* 6 *of the Syndicate Proceedings, dated* 29*th July and* 4*th November* 1898, *respectively*) see *Appendix* XIII;

(*b*) *That the Report of the Government Auditor for the year ending* 31*st March* 1898, *with the remarks of the Syndicate thereon, be accepted* (vide *paragraph* 7 *of the Syndicate Proceedings, dated* 4*th November* 1898) see *Appendix XIII* (*a*)—

was also approved.

was next agreed to.

That the Rules regarding the duties of the University Cashier, as recommended by the Syndicate in paragraph 3 of their Proceedings, dated 29th July 1898, be approved, and that the Syndicate be authorized to affix the Common Seal of the University to the same. (See *Appendix* XV.).

This was sanctioned.

Gratuity to widow of Bhai Gurmukh Singh and Lala Bihari Lal.

20. The proposal numbered 19 (*a*) and (*b*) was then read :—

(*a*) *That the proposal for the payment of a compassionate gratuity equivalent to six months' salary to the widow of Bhai Gurmukh Singh, late Alexandra Reader, as recommended by the Syndicate* (see *paragraph* 10 *of their Proceedings, dated 25th November,* 1898, *be sanctioned*) see *Appendix* XVI ;

After the Registrar had explained the specially valuable services rendered by the late Accountant, the above recommendations were adopted.

Accommodation of Yunani and Vaidya Classes.

21. The next recommendation—

That the proposal of the Syndicate (see *Proceedings, dated 25th November* 1898, *paragraph* 9) *regarding the transfer of the Vaidya and Yunáni Classes to the Dayanand Anglo-Vedic and Islamia Colleges, respectively, be adopted* (see *Appendix* XVII)—

was also accepted.

Final Examination in Civil Engineering.

22. The twenty-first proposal—

That the Syndicate be authorized to decline to hold the Final Examination in Civil Engineering at present, on account of the reason indicated in paragraph 9 *of the Syndicate Proceedings, dated 29th July,* 1898 (see *Appendix* XVIII)—

was then passed *nem. contra.*

This was adopted.

M. A. STEIN,

Registrar.

APPENDIX I.

Extract, paragraph 1, from the Proceedings of the Syndicate, dated 25th November, 1898.

The Vice-Chancellor read a letter addressed to him by Dr. Stein, see Appendix A,* reporting the progress made in the preparation of the historical introduction to his translation of the Sanskrit Chronicle of Kashmir, and requesting that, with a view to the early completion and publication of the work, he be relieved in January 1899 for a short period from his duties in the University Office while carrying on his teaching and superintending work as Principal of the Oriental College.

The Vice-Chancellor explained the circumstances which in his opinion supported the request, and referred to the previous action of the University taken in response to a recommendation passed by the last International Congress of Orientalists at Paris. He also pointed out that the expense involved by the employment of an Officiating Registrar for a period of six weeks on the terms accorded on previous occasions was more than covered by the savings which had accrued to the University by the arrangement made with the Kashmir Darbar during Dr. Stein's last deputation.

The Syndicate, on a proposal moved by Dr. Ewing and seconded by the Vice-Chancellor, unanimously resolved to recommend to the Senate that, with a view to the early completion of the above indicated scientific task, Dr. Stein be relieved for a period of six weeks in January-February 1899 from his duties as Registrar, on the understanding that suitable arrangements will be made for carrying on this portion of his duties; these arrangements to be made by the Vice-Chancellor and to be reported subsequently to the Senate for sanction.

*APPENDIX A.

Letter dated Lahore, 22nd November, 1898.

From—M. A. STEIN, Esq., Ph. D., Registrar, Panjab University, Lahore,

To—T. GORDON WALKER, Esq., C. S., Vice Chancellor, Panjab University.

WITH reference to a verbal communication you were good enough to make to me some days ago, I beg to submit for your and the Syndicate's kind consideration the following facts connected with my work on the Sanskrit Chronicle of Kashmir.

You are aware that, in accordance with the appended recommendation of the last International Congress of Orientalists held at Paris, the Syndicate and Senate had been pleased to sanction an arrangement which was intended to facilitate the preparation of a historical introduction to my annotated translation of the *Rajatarangini*. My services were lent for this purpose to the Kashmir Darbar for the two months preceding the last annual vacation.

During the four and a half months of leisure thus assured to me, I devoted myself, practically without a day's interruption, to the task. It meant the critical elaboration of the main results of my long continued researches about Kashmir history and antiquities, as far as they had not already been embodied in my commentary.

The labors of last summer enabled me to complete: (1) a series of dissertations on antiquarian points of special importance for the study of Kashmir history; (2) a detailed Memoir on the ancient topography of Kashmir; (3) portions of the Introduction proper, containing an investigation into the life and labors of *Kalhana*, the author of the Chronicle, and a critical analysis of the sources, literary character and historical value of his work. During the same months I carried through the press the second volume of my translation of the Chronicle together with the corresponding portion of my commentary.

The above portions of the work, which are likely to fill in print about 400 pages quarto, were taken up in the order in which they would be required for the press. The special dissertations and the Topographical Memoir being complete, are already in the hands of the printers. This is not the case with the Introduction proper, which requires to be completed by a critical review of *Kalhana's* record of early Kashmir history and a synopsis of his chronological system. It is the interest attaching to the early preparation of these remaining chapters which obliges me to trouble you and the Syndicate with my present report and request.

It is for several reasons impracticable to commence the printing of the Introduction until the manuscript of the whole is completed. Yet the leisure I can spare from my official duties is so very scanty as to make it wholly impossible for me to prepare the remaining chapters while engaged in my ordinary work. Though far less extensive than the portions already completed, these chapters equally require continued

application and a close study of intricate details. Ten years' experience has shown me that I cannot hope to do scientific work of this exacting nature at the same time while carrying on the onerous and responsible duties connected with my posts, both in the Oriental College and the University Office.

If owing to these circumstances I should be obliged to leave the completion of the Introduction till the next summer, a very regrettable delay would be caused in the publication of the whole work. The manuscript "copy" at present available will be completely printed by about March next. If the Introduction cannot be finished till the end of the next hot weather, nine months at least will be lost. Nor shall I be able to take up the preparation of the *Index*, which is an essential though less exacting task, till after that period. The loss of time will make itself all the more felt as the printing, owing to my distance from my London printers and certain technical difficulties, can proceed but comparatively slowly.

In view of these facts I am very anxious to secure an opportunity of completing the only remaining part of my work without further delay. This opportunity would be assured to me if I were relieved for a certain period of the present cold weather from the duties attaching to the Registrar's post, while carrying on my lectures and my other work as Principal in the Oriental College. Such an arrangement would assure to me at least that amount of leisure which is ordinarily enjoyed by Professors in other Lahore Colleges. If this concession could be accorded to me for a period of from four to six weeks, I might reasonably hope to bring the task, which has occupied me for years back, to an early and satisfactory conclusion.

It would probably suit best the interests of the University if this arrangement were effected from an early date in January next. The preparations for the next Middle School Examination as well as for the Annual Convocation would thus still be made by me. The preparations for the next Arts Examination would, on the other hand, not commence till after I shall have resumed my work in the University Office. During the interval I should still be available to give information or advice on any special point on which reference may be considered necessary by you or the Syndicate.

I must leave it to you and the Syndicate to fix the terms upon which the above requested partial leave could be given to me in the event of my application recommending itself for acceptance. The consideration which the Syndicate and Senate have been pleased to show for my scientific labors on previous occasions gives me a hope of their readiness to facilitate an early completion of my present task. They are aware of the fact that labors of this kind in India do not carry with them any material reward, but on the contrary demand more than once personal sacrifices from those engaged in them.

The recommendation already referred to coming from a representative body of Orientalists will show at least that any concession the University may be disposed to make will be duly appreciated by those interested in this branch of Indian historical research.

APPENDIX VII.

Extract paragraph, 11, from the Syndicate Proceedings, dated 19th February 1897.

The Vice-Chancellor drew attention to the serious inconvenience and expense caused on occasions when single candidates desire to be examined in subjects which are scarcely ever chosen by students of this Province (such as Hebrew, Greek, &c.) or for which it is impossible to secure competent Examiners without timely notice.

The Syndicate was of opinion that in order to guard against this difficulty the following proviso be shown in the Regulations against such subjects :—

" Candidates will be examined in the subjects of ______________ only by the special permission of the Syndicate, for which application should be made six months previous to the date of the examination.

It was accordingly resolved to request the several Boards of Studies to indicate the subjects in the various examinations against which this proviso should be shown in the Regulations.

Extract paragraph, 5 (a), from the Syndicate Proceedings, dated 24th March 1898.

The Proceedings of the Arts Board of Studies, dated 14th March 1898, were next considered. The Syndicate agreed to adopt the suggestion of the Board that the proviso requiring in certain subjects the submission of applications six months previous to the date of examination, adopted in paragraph 11 of the Proceedings of the Syndicate, dated 19th February 1897, be made applicable to the following subjects :—

(1) Hebrew, Greek, Latin, French and German in all the examinations;

(2) Zoology, Botany and Geology in the Intermediate, B. A. and M. A. Examinations;

APPENDIX IX.

Extract, paragraph 5, from Syndicate Proceedings, dated 13th May 1898.

With reference to the Senate's resolution of the 17th December 1897, sanctioning Dr. Stein's deputation to Kashmir during the months of June and July 1898, the Syndicate resolved that Maulvi Umr Din, M. A., Fellow of the University, be appointed to act as Officiating Assistant Registrar, while Rai Bahadur C. N. Mittra, Assistant Registrar, would, in accordance with the Senate's resolution, officiate as Registrar, the terms of both officiating appointments being the same as during the previous periods of deputation in 1895 and 1896.

APPENDIX X.

Extract, paragraph 11, from Syndicate Proceedings, dated 13th May 1898.

Read letter of the Director of Public Instruction No. 154, dated 25th January 1898, forwarding a communication from the Prime Minister, Kapurthala State, suggesting that arrangements be made by the University for the examination of male candidates in the French language. The Registrar pointed out that under the rules candidates, both male and female, could already take up French in the Entrance Examination. As regards the Intermediate Examination, it was resolved, after due consideration, to recommend to the Senate that the words "in the case of Female Candidates" be omitted under the head of elective subjects, which change would enable male candidates to take up French or German as an elective fourth subject in this Examination.

APPENDIX X A.

Extract, paragraph 5 (b), from Syndicate Proceedings, dated 25th November 1898.

The recommendation that candidates who have passed the Final Standard Examination for European Schools in India be allowed to present themselves at the Intermediate Examination of the Science Faculty was adopted.

It was accordingly resolved that paragraph 2 of the Regulations for this Examination be amended as follows:—

"The examination shall be open to any person who has passed the Entrance Examination of *either* the Science *or Arts* Faculty of the University of the Panjab, *or who has passed the Final Standard Examination for European Schools in India*, provided that the candidate shall have passed the above-named examination not less than two years previously; and provided that the candidate does not present himself in the same year for the Intermediate Examination in Arts."

APPENDIX X B.

Extract, paragraph 4 (c), from Syndicate Proceedings, dated 25th November 1898.

On the grounds stated by the Arts Faculty, it was decided to adopet Stock's Logic, in supersession of Ray's Logic, as a Text-book for the Intermediate Examination in Arts.

The Syndicate at the same time decided that this change was not to affect the Philosophy Course of Reading for the Intermediate Examination of the Oriental Faculty, for which Ray's Logic, now translated into the Vernacular under the University's auspices, will be retained.

APPENDIX XI.

Extract, paragraph 15, from the Syndicate Proceedings, dated 4th November 1898.

Read letter No. 1394, dated 29th June 1898, from the Director of Public Instruction, Panjab, forwarding copy of Revenue Secretary to Government Panjab's letter No. 1311, dated 23rd June 1898, conveying the sanction of the Lieutenant-Governor for the continuance for a further period of five years of the grant of Rs. 2,000 per annum to the University for conducting the Middle School Examination.

Resolved, that the sanction be submitted to the Senate for information.

APPENDIX XII.

Extract, paragraph 6, from the Syndicate Proceedings, dated 25th November 1898.

The Proceedings of the Board of Accounts, dated 8th November 1898, were next considered—

(*a*) With reference to the Board's proposals regarding the establishment of a pension fund for the employés of the University, an application signed by the latter was read. After careful consideration it was decided that this application, which objected to the principle of the proposals, could not be entertained. The Syndicate after ascertaining that the amounts likely to be due on account of arrear payments for pension contributions were comparatively small, decided that the Board's proposals be recommended to the Senate for sanction.

Extract, paragraph 1, from the Proceedings of the Board of Accounts of the Panjab University, dated the 8th November 1898.

The Registrar laid before the Board the letter reproduced in Appendix A, from the Examiner of Local Accounts in Bengal, who had been recommended by the Accountant-General, Panjab, as a gentleman competent to furnish the University with the information desired by Resolution 3 of the Board, dated 20th May 1898, on the subject of a system of pension for the employés of the University Office.

After careful consideration, the Board resolved to recommend to the Syndicate that the proposals contained in paragraphs 4 and 7 of the above letter be accepted as the basis upon which a system of pension should be introduced. In accordance with these proposals, the Board recommends that employés newly joining the office should be required to contribute to the pension fund in the proportion there indicated from the beginning of their services.

As regards the older establishment, the Board ascertained that with one exception none of the actual employés of the University in the superior establishment had served for a longer period than 12 years. The Board is, therefore, of opinion that it would be advisable to require also these employés to join the pension fund from the earliest convenient date, and in order to render also their previous service pensionable to give them reasonable facilities to pay arrear contributions on the principle indicated in paragraph 6 of the letter. The Board would, in particular, recommend that those employés who wished to avail themselves of the concession here indicated be granted favourable terms as to the limits of time fixed for their arrear contributions.

The Board in recommending the establishment of a pension fund on the above lines and under the rules provided by the Government Civil Service Regulations for the subordinate service was guided by the belief that this arrangement would improve the status and prospects of the office employés. It would also enable the University to obtain the services of an efficient establishment as well as to retain the necessary control over it.

APPENDIX A.

L. A.
No. ——, dated Calcutta, 15th September 1898.
364

From—G. C. RAY, Esquire, Examiner of Local Accounts in Bengal,

To—The Registrar, Panjab University, Lahore.

I HAVE the honor, in reply to your letter No 1374, dated the 26th August 1898, to annex,* in the form of a note, my suggestions in regard to the project for granting pensions to the employés of the Panjab University. I trust they would be regarded as sufficient for practical requirements.

**Superior Establishment.*

From certain calculations made by me under the supervision of the Hon'ble Sir James Westland, it was found that the differed pensionary benefit allowed by the Government rules to officers of the standing of clerks was equivalent on the average to a present payment of 12 per cent. additional pay; that is to say, if twelve per cent. on the pay is paid separately to a fund and allowed to accumulate at compound interest, then the accumulated capital of the fund with interest would suffice to meet all future pension charges on account of the officers concerned, without any further assistance from Government.

Accordingly, the financial liability on account of pensions which the University would have to incur, on the assumption that no contributions are levied from the officers concerned, is 12 per cent. of the total salary paid to the superior establishment, *i. e.* Rs. 62 a month or Rs. 744 a year. I have here taken into account the actual pay drawn by the officers, who are serving on progressive pay, for after a few years if some may obtain the maximum, others will be serving on the minimum, and it is pretty safe to take the present standard as a normal standard. In any case, any error on this account would not be material.

2. If the Bombay plan is adopted of levying a contribution of 5 per cent. from the pay of the officers, then the liability would be reduced to 7 per cent. of the total salary paid, *i. e.* to Rs. 36 a month or Rs. 412 a year.

3. The above is a measure of the liability which the University would incur on the assumption that the future service only of these officers is declared to be pensionable. If their previous service is to count, then the liability would be increased by an amount corresponding to the accumulated contributions which these would have been in the supposed pension fund, if these officers had subscribed or if contributions had been paid on behalf of them from the beginning of their service.

4. I am not aware whether the condition of the finances of the University is such as to enable it to bear the whole of the additional burden; but I would suggest it as a fairly equitable apportionment of the liability, remembering that these officers have accepted service under the University on the understanding that they will not get any pensions, that they should be required to pay a contribution of 5 per cent. and that the University should supplement it by an additional 7 per cent.

5. The actual pension charges will not appear till after many years hence, and they would amount to a much larger figure when the full pension liability has matured. I would, therefore, strongly recommend, in order that the pension liability may not in the *interim* be lost sight of, and that a provision for it may be ensured, that the contributions paid by the officers and by the University should be paid into a fund to be deposited in the Government Savings Bank, out of which pensions will be paid in future.

6. If any officer desires to pay arrear contributions for any portion of his previous service under the University which he may wish to be counted, I would allow this concession, on condition that the whole of the arrears, together with compound interest at the Savings Bank rate, shall be paid within six months from the date of promulgation of the rules. Of course the University will have to deposit a corresponding amount to the fund, calculated at 7 per cent. of the pay of the officers for the back period desired to be counted.

Inferior Establishment.

7. The pension rules are much more stringent in the case of inferior servants, as there are no superannuation or retiring pensions, but only invalid pensions; and in their case the value of the pension liability is estimated at 5 per cent. I would recommend that in this case the whole of the liability may be accepted as a charge on the University, service counting from the date of employment under the University, and 5 per cent. on the pay, or say Rs. 6 a month being deposited in the fund from the current year.

Superior and Inferior Establishments.

8. The additional charge on the University would, therefore, be about Rs. 800 a year, save that if the concession suggested in paragraph 6 be allowed and availed of, there would be some further additional charge in the current year.

9. If the Bombay plan is adopted, which is recommended above, then the permanent additional charge would be about (Rs. 36 + Rs. 5 = Rs. 41 a month, or say about Rs. 500 a year).

APPENDIX XIII.

Extract, paragraph 1, from the Syndicate Proceedings, dated 29th July 1898.

The University Auditor's Report on the Accounts of the University for the quarter ending 31st March 1898 was read and accepted for submission to the Senate (*see* Appendix B), with the following explanations of paragraphs 2 and 5 of that Report :—

" Rs. 100 for placing the sun-dial (*vide* Resolution No. 18 of the Syndicate of 13th May last) has been paid to Rai Bahadur Ganga Ram, but the work not yet being completed, he has not rendered the account of the expenditure, nor given a voucher for it;

"A cheque for Rs. 500 for the Urdu translation of P. K. Ray's Logic (*vide* Resolution No. 4 of the Sub-Committee for preparation of approved Vernacular books, of 17th March 1898) was drawn on the 31st March 1898, in order to avoid the lapsing of the Budget provision. The cheque has been kept in deposit pending the approval of the glossary of the book by the Sub-Committee;

" The entry of Rs. 3 as renewal fee of Government Promissory Notes having been posted in the Cash Book on the receipt side by a plus entry to which the Auditor objects, it has been adjusted subsequently."

It was also resolved that these Accounts, together with the Auditor's Report, be forwarded to the Accountant-General, Panjab, for the purposes of official audit in anticipation of the sanction of the Senate.

APPENDIX B.

Dated Lahore, 19th July 1898.

From—Lála RAMJI DAS, Auditor, Panjab University Accounts,
To—The Registrar, Panjab University, Lahore.

I HAVE the honor to report that I have audited the following Accounts of the Panjab University for the quarter ending 31st March 1898 :—

I.—Current Account.
II.—Special Endowed Trusts Account.
III.—General Endowment Fund Account.
IV.—Unendowed Special Subscriptions and Donations Account.
V.—Oriental College Account.
VI.—Law School Account.

Current Account.

2. The following vouchers could not be checked, as they were not at hand :—

No. 836, dated 30th March 1898—Paid to Rai Bahadur Ganga Ram for placing sun-dial ... Rs. 100.
No. 837, dated ditto— Paid to Chaudhri Ali Gauhar as honorarium ... Rs. 500.

3. In some instances the dates of payments have not been noted on vouchers, which should be complete in this respect.

4. There were several excesses over the Budget Grant in the expenditure of this Account, but they have been specially approved of by the Syndicate in their Proceedings of the 4th March 1898. There are other petty excesses which call for no remarks.

General Endowment Fund Account.

5. The entry of Rs. 3, debited by the Bank on the 29th April 1897 as renewal fee, has not been correctly posted in the Cash Book on the receipt side. Being an overdraft, it should have been shown as minus balance on the charge side in the month concerned and brought forward on the receipt side also as a minus balance in the following month.

Special Endowed Trusts Account.

6. The following excesses in the outlay of this Account have been noticed :—

	Rs.
(*a*) Endowed Readerships and Translatorship	21
(*b*) Cost of medals	50
(*c*) Special prizes	51

The excess as at (*a*) is due to premium having been paid on a promissory note for Rs. 500 purchased during the quarter and also renewal fee paid on six other promissory notes. The excesses as at (*b*) and (*c*) are due to donations not estimated for having been received and outlay incurred on their account.

Oriental College Account.

7. There is an excess of Rs. 253 under head "Boarding House Establishment rent and Medical attendance." This was caused by the cost of repairs to Hazuri Bagh building being in excess of that estimated for. The total outlay on this account has, however, been passed by the Syndicate,—*vide* their proceedings of the 26th November 1897.

Law School Account.

8. A register of receipts on account of fees has been opened and is maintained by the Cashier which facilitates the audit of income of this Account.

General Remarks.

9. Some items in the Cash Book of payments into the Bank on account of miscellaneous receipts do not agree with the Bank Pass Book. This is due to the cheques received being paid into the Bank as part of miscellaneous receipts and accounted for by the Bank after being cashed.

10. The annual statement of various Accounts and the consolidated balance sheet are herewith forwarded.

RAMJI DAS,
Auditor.

CHANDRA NATH MITTRA,
Officiating Registrar.

Extract, paragraph 6, from the Syndicate Proceedings, dated 4th November 1898.

The report of the University Auditor on the Accounts of the University for the half year ending 30th September 1898—see Appendix C—was approved for submission to the Senate.

The explanations of the Registrar with regard to the necessity of certain charges of very small amounts, to which the University Auditor has objected (paragraphs 5, 6 and 7), were considered satisfactory.

It was also noted that the voucher referred to in paragraph 9 could be submitted only at a later date, as the amount due for the preparation of the Khalifa Muhammad Husain-Aitchison, Patiala-Sime and Jaishi Ram Medals by the firm of Allen Wyon, Esquire, of London, had for reasons of differences in exchange to be drawn in advance, though not actually paid till receipt of medals.

The Syndicate did not consider it necessary to open an account of the Service Post Cards and of the envelopes for registered letters supplied to Examiners. It was decided that the Head Clerk be entrusted with the duty of checking the balances in the Stock Register once a year by taking stock and of certifying to the correctness of the balances.

APPENDIX C.

Dated Lahore, the 1st October 1898.

From—Lala RAMJI DAS, Auditor, Panjab University Accounts, Lahore,

To—The Registrar, Panjab University, Lahore.

I HAVE the honor to report that I have audited the following Accounts of the Panjab University for the half year ending 30th September 1898:—

I.—Current Account.

II.—Special Endowed Trusts Account.

III.—General Endowment Fund Account.

IV.—Unendowed Special Subscriptions and Donations Account.

V.—Oriental College Account.

VI.—Law School Account.

CURRENT ACCOUNT.

2. The following vouchers being confidential have not been checked. A certificate from the Vice-Chancellor to the effect that he has seen them with the Registrar is, however, recorded:—

		Rs.	A.	P.
No. 14, dated 1st April 1898	... ...	240	13	0
No. 23, ditto ditto	... ...	114	0	0

3. Promissory Notes to the value of Rs. 10,000 have been purchased during the half year.

4. Postal envelopes for registered letters are purchased for use by the Examiners, but no account is kept as to how they have been used or to whom and for what amount they have been issued.

5. From the vouchers for charges on account of *ghari* hire it appears that no check is exercised over them. Before incurring such charges an order might be issued by the Registrar or Assistant Registrar and a certificate attached to each monthly Contingent Bill that the charges were unavoidable.

6. *Ghari* hire is drawn by the Assistant Registrar for journeys in the neighbourhood of the office. It is a question for consideration whether such charges can be drawn by superior officers in the same way as by ministerial and menial officers.

7. The following voucher is not forthcoming, and has not, therefore, been checked:—

		Rs.	A.	P.
No. 92, dated 1st May 1898	... ...	0	7	9

8. In the Acquittance Roll for Rs. 53-2-9 paid on 4th July 1898, the dates of payment are not noted, nor is the document initialled by the disbursing officer.

SPECIAL ENDOWED TRUSTS ACCOUNT.

9. The following voucher not having been recorded has not been checked :—

	Rs. A. P.
No. 40, dated 10th June 1898	260 0 0

10. Promissory Notes valued at Rs. 1,000 have been purchased during the half year for award of Medals for S. Muhammad Obeidulla, C. S. I., of Tonk.

11. Outlay on each Trust should be shown separately in Cash Book in the column of "Amount paid" and not entered in the column of "Particulars" and the total only of several Trusts entered in the column "Amount paid" as has been done in some cases.

GENERAL REMARKS.

12. In the Register of Stock Receipts and Issues a certificate might be recorded by some responsible officer, at some fixed interval, that the balances as shown in the book have been checked by actual count and found correct.

13. In the Register of Service Postage Labels the Service Post Cards are not accounted for. Their issues and receipts should be accounted for in the same way as the labels.

14. The other Accounts call for no remarks.

APPENDIX XIII A.

Extract, paragraph 7, from the Syndicate Proceedings, dated 4th November 1898.

The report of the Government Auditor on the Accounts of the University for the year ending 31st March 1898—see Appendix D—was considered and accepted for submission to the Senate.

With regard to the items of excess expenditure noted in paragraph 4 chiefly under the heads of expenses connected with examinations and scholarships, the Syndicate endorsed the explanations already embodied in the report.

With regard to the debit balances in three of the Special Endowed Trusts Accounts noticed by the Government Auditor, the Registrar pointed out that, as explained in the remarks accompanying the sanctioned Budget Statements, this was due to the fact that the interest of these endowments is realized a little later than the date on which the payments are made, but in reality the yearly expenditure is always covered by the receipts of the Trusts. This appeared to the Syndicate a sufficient explanation.

As for the list of Objections and Irregularities, the Registrar pointed out that items Nos 1, 2, 3 and 5 were clerical omissions, which have since been supplied; as for No. 4, the acknowledgment referred to has been received subsequently, as already explained in Syndicate Proceedings, dated 29th July 1898.

The omissions pointed out in the Oriental College Accounts under Nos. 1, 2 and 4 have since been filled in.

The initials of the Assistant Registrar for receipt entries in the Cash Book have been given from 1st April 1898, when a new book providing a column for this purpose was opened.

APPENDIX D.

Letter No. 7413 G. D., dated Lahore, the 14th of September 1898, from the Officiating Accountant-General, Panjab to the Officiating Chief Secretary to the Government of the Panjab.

I HAVE the honor to report that the Accounts of the Panjab University for the financial year 1897-98 have been test audited in accordance with the instructions contained in the Panjab Government letter No. 1029, dated 28th June 1889, to my address.

2. The accounts kept up during the year are the same as in the previous year, namely, —

(1) The Current Account.
(2) The Special Endowed Trusts Account.
(3) The Unendowed Special Subscriptions and Donations Account.
(4) The General Endowment Fund Account.
(5) The Oriental College Account.

One change has been introduced during the year from the 1st of January 1898, and that is the direct receipt by the Registrar of the fees payable by each student of the Law School. Prior to that date these fees were paid in at the Law School and were remitted by the School Clerk to the Registrar periodically. During the currency of that procedure the audit of these receipts by my office consisted merely in comparing the amount stated in the counterfoil of the receipt granted to the School Clerk with the amount entered in the cash book. From the 1st of January 1898, however, the amounts mentioned in the counterfoils of the receipts granted to the students are compared with the entries, and the audit of these receipts is thus now conducted in greater detail than before.

There are separate cash books and a separate floating Deposit Account with the Bank of Bengal, Lahore, for each of the five Accounts.

3. The books of Accounts Nos. 1 and 5 were examined for three, and those of the other Accounts for twelve, months. For these months the vouchers for payments were examined as well as the counterfoils of receipts granted, and both vouchers and counterfoils of receipts were compared with the entries in the cash books and found correct. The transactions of these months were traced from the cash books into the ledgers, and it was found that the postings had been correctly made. By an examination of this nature I have satisfied myself generally that expenditure incurred has been duly authorized, that the Financial Rules have been observed except, perhaps, in the matter of expenditure in excess of Budget grants, and that subject to the remarks in paragraph 4 the audit of the University Auditor has been thorough and complete. I append a statement of a few irregularities that were noticed.

4. I am not quite sure that the Financial Rules regarding expenditure in excess of Budget grants have been strictly carried out. The previous sanction of the Senate is necessary to all alterations in the Budget allotments and to all applications for supplementary Budget grants, No. 12 of the Financial Rules. The provisions of this rule have not, as far as I could ascertain, been fully carried out. The following is a list of the excesses over Budget grants :—

		Rs.	A.	P.
1.	Title Branch Scholarships	200	0	0
2.	Law Lecturing Staff and Contingencies	171	0	0
3.	Additions to General Library	43	0	0
4.	Remuneration to Examiners	792	0	0
5.	Cost of conducting Examinations	294	0	0
6.	Printing Charges	1,140	0	0
7.	Office Contingencies	373	0	0
8.	Convocation Expenses	86	0	0
9.	Repairs and Furniture	72	0	0
10.	Contribution for meeting deficiency of Trusts ...	20	0	0
11.	Athletic Sports Tournament	57	0	0
12.	Refunds of Fees and Price of Books	528	0	0
13.	Oriental College Boarding Houses' Establishment, Rents, etc. ...	253	6	10

The following explanation of these excesses has been furnished by the University authorities :—

The excess charge under Title Branch Scholarships is due to the full number of scholarships awardable under rules having been taken up, which is greater than was expected. The excess of Rs. 1,086 (792 + 294) under Remuneration to Examiners and

Cost of conducting Examinations is due to a large increase in the number of candidates who appeared at the various examinations. The income from Fees was correspondingly greater than the estimate by about Rs. 18,600; payment of some old outstanding bills accounts for the excess of Rs. 1,140 under Printing Charges, and it is owing to the impossibility of framing a proper estimate under the head "Refunds of Fees and Price of Books," that the excess expenditure of Rs. 528 has occurred under this head. The other excess charges being comparatively small do not call for remarks. As regards the Oriental College the excess expenditure under Boarding Houses' Establishments, Rents, etc., is due to unexpected outlay in repairing the Hazuri Bagh buildings used for Boarding Houses.

5. I have ascertained that the Government grants to the University have been legitimately expended on the objects for which they were sanctioned, and I have satisfied myself that Trust monies are in existence by comparing the safe custody receipt of the Bank of Bengal, Lahore, for the Government Securities deposited with the Bank, with the entries relating to these securities in the accounts of the University, and the Bank's Pass Books with the Cash Books. As, however, three of the special Endowed Trust Accounts close the year with debit balances, and as the excess expenditure which has caused these debit balances has been provided from the cash balances of the remaining Special Endowed Accounts, I can hardly certify that the funds of these Special Endowed Accounts have been devoted only to the objects of the Trusts.

6. Lastly, I would report that the financial condition of the University appears to be sound. The receipts exceed the expenditure, and in the year under consideration this excess of receipts over expenditure amounted to no less a sum than Rs. 18,083-0-11.

7. I submit the usual General Cash Balance Statement.

8. The audit fee of Rs. 100 will be credited as usual as a receipt of the Provincial Revenues under the head XXV—Miscellaneous "Fees for Government Audits," and as it was found necessary to depute an officer to perform the test audit as an extra duty out of office hours, it will rest with me to grant him an honorarium not exceeding that amount.

List of Objections and Irregularities.

Current Account.

1. Three instances were noticed in which payments of a special nature were made without a reference to the order of the Syndicate sanctioning the expenditure being endorsed on the bills, a procedure required by No. 11 of the Financial Rules. The items were—(1) Repairing charges of the Senate Hall, Rs. 360; (2) cost of wooden doors, Rs. 307-4-3; (3) cost of almirahs and tables, Rs. 206.

2. There was one instance of the pay order having been corrected from Rs. 100 to Rs. 200 without being attested.

3. In another case the payment order was for Rs. 117 9-0, while the amount of the bill and that actually paid was Rs. 122-5-0.

4. No kind of acknowledgment or receipt has been taken from Rai Bahadur Ganga Ram for Rs. 100 paid on account of the cost of placing a Sun-dial.

5. The amount of a counterfoil receipt has been altered from Rs. 160 to Rs. 60 and the correction has not been attested by the Assistant Registrar.

Oriental College.

1. The Accounts for August 1897 have not been passed and signed by a member of the Board of Accounts, as required by Rule 23, Chapter IX, page 233 of the University Calendar.

2. There was an instance noticed of an over-writing in the Cash Book relating to the Cash Imprest in hand of the Registrar which was not attested.

3. The receipt entries in the Cash Book have not been initialled by the Assistant Registrar.

4. A reference to the order of the Syndicate sanctioning the expenditure has not been endorsed on a bill for Rs. 429 for the cost of repairs to the Hazuri Bagh building as required by Chapter IV, Rule 11, page 230, of the University Calendar.

APPENDIX XIV.

Extract, paragraph 5, from the Syndicate Proceedings, dated 29th July 1898.

The Proceedings of the Oriental College Committee, dated 20th May 1898, were next considered. It was resolved that Statistical Report of the Oriental College for the year ending 31st March 1898, together with the general remarks of the Committee, giving a summary of the working of that institution during the period, be accepted as satisfactory and submitted to the Senate for adoption.

No. 115, dated Lahore, 16th May 1898.

From—The Principal, Oriental College, Lahore,
To—The Secretary, Oriental College Committee, Lahore.

Report submitted.

I HAVE the honor to submit the Statistical Report of the Oriental College for the year ending 31st March 1898. An abstract of the same is embodied in the draft which will be submitted for the "General Remarks" of the Oriental College Committee.

2. It will be seen that the expenditure, including expenditure on Endowed University Readerships, University and Government Scholarships, and instruction in Oriental Languages of Government College Classes, amounts to Rs. 31,365-15-10, and shows a decrease of Rs. 811-7-6 on that of the previous year, which amounted to Rs. 32,177-7-4.

Detail of expenditure.

3. The detail of expenditure is as follows:—

4. The savings on the Oriental College Budget are thus—

Rs. 22,926 − 22,216-11-11 = Rs. 709-4-1.

Abstract of expenditure.

5. The abstract of expenditure according to the heads of the Oriental College Budget (*excluding* expenditure for the University Current and Endowed Accounts) is as follows:—

Total ...	22,926	22,216 11 11	

Fees.

6. With regard to fees, the students who read for examinations leading up to Degrees, pay each a fee of Re. 1 per mensem. Those who read in the School Department pay one anna in every rupee from their scholarships, as likewise students preparing for the Oriental Titles Examinations.

The fees are paid as usual for ten months in the year.

The annual income from fees amounts to Rs. 473-10-0 and shows a decrease of Rs. 55-8-0 against the income of the previous year. This decrease is partly due to the fact that one of the students attending the Sanskrit M. A. Class during the year was borne on the rolls of the Government College, while the other did not join the College till the winter session. The fees from Boarders amount in the aggregate to about Rs. 17 a month.

Remarks of the Oriental College Committee on the Statiscal Report for 1897 98.

I.—The *receipts* of the Oriental College Budget for the year 1897-98 amounted to Rs. 22,926. Against this there is an expenditure of Rs. 22,217 in the year under report, so that a saving of Rs. 709 has accrued on the whole. This saving resulted chiefly from restricted expenditure under the heads of Stipends and Miscellaneous Expenses. To the saving on the Budget (Rs. 709) must be added receipts on account of fees (Rs. 474), making a total saving of Rs. 1,183.

II.—The total *expenditure* shown against the Oriental College Budget was Rs. 22,217 against Rs. 22,980 in the previous year. The difference between these two figures was mainly due to the savings effected by the officiating arrangements which had been made during the Principal's absence on furlough from April to October 1897. Out of the total expenditure Rs. 5,880 were provided by the Special Grants which have been sanctioned by the Local Government to meet the actual expenses connected with the instruction of the Government College Classes in Oriental Languages.

The total *expenditure* under the University Budget was Rs. 8,409 (which included Rs. 4,925 provided from Trust Funds on account of Endowed Readers) against Rs. 8,372 for 1896-97. Rupees 740 was the amount drawn and spent on account of Government Scholarships held by students of the College.

III.—The *number of students* on the roll on the 31st March 1898 was 74 in the College and 62 in the School Department. These figures show an *increase of four* students in the College and of *ten* students in the School Department against the number of students on the roll on the 31st March 1897.

Thanks to this satisfactory increase the total number of students (136) rose higher than in any year since 1889-90. The classes, which specially benefited by the increase, were the Sanskrit Honors and High Proficiency Classes in the College and the Entrance Classes in the School Department.

The larger number of students now reading for the Entrance Examination is in the Committee's opinion all the more gratifying, as it promises for the future an increased attendance in the Classes preparing for the Degrees of the Oriental Faculty,—a branch of study which the Syndicate and Senate have recently taken special steps to encourage by the preparation of suitable text-books in the Vernacular.

IV.—The *scholars* on the rolls on the 31st March 1898 were divided according to creed as follows :—

	Hindús.	*Muhammadans.*	*Sikhs.*	*Total.*
College Department ...	32	38	4	74
School do. ...	25	27	10	62
Total ...	57	65	14	136

These figures, when compared with those of the preceding school year, show that the above increase in the number of students was distributed with fair equality between the several creeds.

V.—The following was the number of *Scholarship-holders* (Government and University) and *stipendiaries* on the 31st March 1898 :—

	Scholarship-holders.	*Stipendiaries.*	*Without Scholarship or Stipend.*	*Total.*
College Department ...	34	19	21	74
School do ...	11	14	37	62
Total ...	45	33	58	136

On comparing these figures with those shown in the report for 1896-97, it will be seen that while the number of scholarships awarded on the results of University Examinations and held by students of the College has increased by six, the number of stipends has, on the other hand, been reduced by six.

The increase (14) in the total number of students has thus been entirely among those students who read *without* the assistance of scholarships or stipends.

The Committee consider this result particularly satisfactory as proving the increasing popularity of the Institution. It also deserves notice that the number of stipends has now been reduced to a lower figure than in any preceding year.

VI.—In addition to students actually belonging to the Oriental College, 163 *students of the Government College*, Lahore, who were reading for Arts Examinations, received in the year under review instruction in Oriental languages in the Oriental College. Nine teachers (among them the Principal) were either wholly or for part of their time engaged in the tuition of these classes.

VII.—The *Scheme of Studies*, shown on pages 13—16 of the report, contains full details regarding the courses of study followed in the several classes of the College and School Departments. The instruction given in each class conformed to the courses of reading prescribed for the various Oriental Language and Degree Examinations of the Panjab University. From the table of lectures it will be observed that the tuition of the Arts and Oriental Titles Classes continues to be carried on both in the College and School in accordance with the principles which had been laid down on the re-organisation of the College in 1888.

Page 17 of the report gives a detailed account of the tuition in *English* which was organised under the recommendations of the same Sub-Committee and is carried on in conformity with the revised Regulations for the award of Oriental Title Diplomas for students reading in Oriental Titles Classes. The progress made in this branch of instruction was tested by the *Special Examination in the English Language held* by the University under the revised Regulations. In this four out of eight students, who had received the requisite amount of tuition and were thus prepared to present themselves at the examination, passed successfully and qualified for Diplomas of Oriental Titles.

The Committee had in connection with previous Reports expressed the hope that students, who have thus obtained some knowledge of the English language in addition to their philological training in one branch of Oriental Classics, would find opportunities to make use of their training as teachers of schools or colleges in giving instruction in Classical Languages through the medium of English and in accordance with modern methods. It is encouraging to note that this hope was partially fulfilled in the year under report, inasmuch as among the students who had left the Language Classes of the College either on completing their course or for other reasons (page 9), not less than 10 secured during the year siutable employment as teachers.

VIII.—It will be seen from the statements given on page 9 of the report that candidates from the Oriental College appeared in not less than 16 different *Examinations* of the University for 1898.

The same table will show that the *results* gained by the Oriental College in the whole of these Examinations rose to the satisfactory average of 75 *per cent. of passes* from among the candidates sent up. These results will appear all the more acceptable when compared with the general pass percentage of all candidates in the several Oriental Faculty Examinations (see page 10). In not less than 10 examinations out of 16 the pass percentages gained by the Oriental College were considerably *higher* than those shown for the total of the candidates and in 3 other examinations equal to the latter.

The same fact is brought to notice by a comparison of the average pass percentage in the whole of these examinations, which was 75 per cent. in the case of the Oriental College against 56 per cent. for the whole of the candidates.

This difference may attract all the more attention inasmuch as among the candidates for the various Oriental Titles Examinations there is now an annual increasing number who have been prepared in properly organized Colleges, such as the Jeypore Oriental College, H. H. the Nizám's Dar-ul-ulum, Hyderabad, H. H. the Maháraja Scindia's Lashkar College, where Oriental Classics are taught on the same lines as laid down by the Panjab University for its Oriental College.

In not less than 6 Examinations, *viz.*,—

Prájna,

Maulvi,

Maulvi Alim,

Maulvi Fázil,

Munshi Fázil,

Vidván,

the Oriental College secured fully 100 *per cent. of passess.*

The Examination results of the year must be considered equally favorable in respect of the distinction which individual students earned in these various examinations.

In not less than 8 examinations students of the Oriental College obtained the *highest place* in the order of merit list. The following are the examinations in which students of the Oriental College gained the first place :—

B. O. L.

Shástri.

Visharada.

Maulvi Fázil.

Maulvi Alim.

Munshi Fázil.

English Test.

Thirteen Government and University *scholarships*, one *prize*, and 4 *medals* were the rewards of those students of the Oriental College, who have distinguished themselves in the above examinations. The Medals are :—The Khalifa Muhammand Hasan Gold Medal, awarded to the candidate who stood highest at the B. O. L. Examination, and the newly founded Medals of Muhammad Obaidullah Khán, Prime Minister of Tonk, which were gained by the students who stood highest at the Munshi Fázil, Maulvi Fázil and Shástri Examinations, respectively.

The results of the instruction given by the Oriental College to students of the *Government College* may be considered equally satisfactory.

From page 12 of the report it will be seen that fully 88·5 per cent. of all Government College students, who had appeared at the Intermediate, B. A. and M. A. Examinations of 1898, passed successfully in the Oriental Classical Languages in which their tuition had been carried on by the Oriental College Staff.

The results in Sanskrit were again, as in the preceding year, specially favorable in asmuch as 100 per cent. of the candidates of the B. A. Examination, and 93 per cent. in the Intermediate Examination passed with success in the subject of that language.

IX.—A regular system of *House Examinations* has been maintained throughout the year, as noticed in previous reports, and the results gained by the students in these House Examinations have supplied the test by which the award and tenure of stipends has been strictly regulated. The fact that of all stipendholders who appeared in University Examinations only three have failed to pass, shows that the principal of awarding stipends only to students who, while being in indigent circumstances give distinct proof of ability and industry, had been duly observed.

X.—The following *changes took place in the teaching staff* of the Oriental College during the year under report :—

The Principal was granted furlough by the Senate from 1st April to the 20th October under the sanctioned rules applicable to the appointment. During this period, as far as it did not coincide with the annual vacation, the current duties of the Principal were carried on jointly by Maulvi Abdulla, Superintendent of the Arabic Department, and Pandit Siva Datta, Superintendent of the Sanskrit Department.

In the month of January 1898 the services of Dr. Stein were placed at the disposal of the Panjab Government in order to enable him to accompany the Buner Field Force for the purpose of an archæological survey of the newly opened up frontier territory of Buner. During his absence on this special duty the same arrangements were observed.

Chaudhri Ali Gauhar, M. A., McLeod Arabic Reader, obtained 37 days' leave, on Medical Certificate, temporary arrangements having been made by the Superintendent for carrying on his work.

At the request of Muhammad Obaidulla Khán, Prime Minister of Tonk, and Fellow of the University, Maulvi Muhammad Shuaib, Second Arabic Teacher, School Department, was granted leave, without pay, for one month from the 18th October 1897. His teaching work was entrusted during this period to M. Mus'aniff-ud-dín, a former successful student of the Maulvi Fázil Class.

Maulvi Abdul Hakim, Head Munshi and Superintendent, Persian Department, was obliged to take 6 weeks' sick leave, on half pay, from the 10th January 1898. Under the orders of the Committee Maulvi Muhammah Dín, M. O. L., officiated during this period as Superintendent, Persian Department, while Maulvi Muhammad Dín, Munshi of the School Department, carried on the tuition of the Munshi Fázil Class. A temporary Assistant Persian Teacher was also employed in the person of Maulvi Abu Muhammad, Maulvi Fázil.

On the 1st of June Maulvi Mahmud Ali, a student of the Oriental College, who had stood first at the Maulvi Fázil Examination of 1897, succeeded to the Bahàwalpur Arabic Scholarship, and was, in accordance witn the arrangement previously followed, employed as a teacher of Arabic in the School Department. M. Mahmud Ali having resigned his post after the expiration of one month, Maulvi Saad-ud-dín Haidar, who had stood next to him in order of merit, succeeded to the scholarship.

XI.—With reference to the *scholarly activity* shown by teachers of the College the Committee takes occasion to note that the following publications relating to Sanskrit and Arabic philology and Indian archæology were prepared and issued by Members of the College Staff during the year 1897-98:—

By DR. M. A. STEIN, Principal:—*Kalhana's Chronicle of the Kings of Kashmir, translated and annotated*, Vol. I., *quarto*, pp. 402; *Maps illustrating the ancient topography of Kashmir and Srinagar,* Survey of India, Calcutta, presented to the XI. International Congress of Orientalists, Paris; *White Huns and kindred tribes in Indian History,* Lecture delivered before the Academy of Sciences, Budapest; *The Castle of Lohàra* "Indian" Antiquary, Bombay; *Notes on new inscriptions discovered by Major Deane,* Journal of the Asiatic Society of Bengal, Calcutta; *Preliminary Notes on an Archæological Tour with the Buner Field Force,* Proceedings, Bengal Asiatic Society, Calcutta; *Notes on the term Kampana,* Vienna Oriental Journal.

By PANDIT SIVA DATTA, Mahamahopadhyaya, Head Pandit:—Critical Editions of the *Yudhishthiravijayakavya* (pp. 224, 8vo.); *Raghavapandavigakavya* with commentary (pp. 200, 8vo.); *Sáhityakaumudi* with commentary (pp. 199); *Haracaritacintamani* (140); *Amrtodayanataka*; *Srngarabhushana*; all published in the "*Kavyamála*" Series, Bombay.

By QAZI ZAFAR-UD-DIN:—*Ulírshad,* Notes on the *Uruz-ul-Miftah,* Lahore, (112 pp.)

By MAULVI MUHAMMAD SHUAIB:—*Mukhtasar-ul-Uruz,* Lahore; *Sullam-ul-Adab,* translated with Notes from the Arabic.

In addition to the above, it has to be noted that the Committee appointed by the Syndicate for the preparation of approved text-books for the Oriental Degree Course has entrusted the translation of Ray's *Deductive Logic* to CHAUDHRI ALI GAUHAR, M. A., McLeod Arabic Reader of the College. His manuscript translation received the approbation of the Committee and was ready for the Press at the close of the school year. The same Reader has during the year prepared a translation of Ladd's *Primer of Psychology* for submission to the Committee.

XII.—At the close of the annual vacation, the Hindu Boarding House attached to the Oriental College was transferred to the Hazúri Bágh Quadrangle, where suitable quarters have been allotted for the Boarding Houses of the College by a liberal decision of the Local Government. The Muhammadan Boarding House had been transferred to the same locality already in the closing school year.

The two Boarding Houses now afford superior accommodation to 79 students against a total of 71 students accommodated in the Boarding Houses on the 31st March 1898. In order to provide for the necessary furniture, repairs and improved sanitation, additional expenditure on account of the Boarding Houses has been allotted in the College Budget. In view of the advantages offered by the new quarters, the Committee desire to record their special obligations to Dr. Sime, Director, Public Instruction, Panjab, upon whose recommendation the use of the Hazúri Bágh building was granted.

Gymnastic Appliances are provided for the use of the Boarders, and owing to the more suitable location of the Boarding Houses, it has also been found practicable to institute a Foot-ball Club among the students of the College.

II.—**A Senior Middle Class**: attended by students who had received instruction in English in the Oriental College since the beginning of the school year 1894-95.

III.—**A Junior Middle Class**: consisting of those students who, having acquired during their attendance in the Oriental College a knowledge of English equivalent to the Primary standard, were considered fit to be promoted to the Middle Department.

Oriental College Library.

Considerable additions have been made in the Library of the College during the year under report. The branches of study represented among these acquisitions were chiefly, as in former years, Sanskrit, Arabic and Persian Philology and the several departments of Indian historical research. The object kept in view was to acquire recent critical editions of classical texts, and such publications as would illustrate the progress made in recent years, in the elucidation of Indian history and antiquities.

Among the works newly acquired the following may be specially noted :—

Encyclopædia of Indo-Aryan Knowledge, edited by Professor Bühler *Játakas,* translated by Professor Cowell; *Warren,* Buddhism; *Vedic Hymns,* translated by H. Oldenberg; *Jaiminiyanyayamálá,* Editions of Goldstücker and Pandit Sivadatta; *Kathakosa,* translated by Tawney; *I-Tsing,* Record of Buddhist Religion, translated by Tatakusu; *E. W. Hopkins,* The Religions of India; *Tárikh-i Kamil,* Cairene Edition; *Aufrecht, Catalogus Catalogorum, etc.*

The Library received a very valuable and important addition in the series of Catalogues of Oriental MSS. and Books in the British Museum Library, which were presented to the College by the Trustees of the British Museum. The series comprises among other standard bibliographical works the great Catalogues of Arabic and Persian MSS., prepared by Dr. Rieu (5 vols., 4to.) and Dr. Haas and Benddall's Catalogue of Sanskrit and Prakrit Books.

The American Oriental Society continued to favor the Library with a presentation copy of their publications. In addition to this the following periodicals devoted to Indian philological and antiquarian research were received :—

The *Indian Antiquary,* the *Vienna Oriental Journal* and the *Epigraphica Indica.*

The Library continued to receive through the liberality of the Asiatic Society, Bengal, the latest issues of the texts published in the *Bibliotheca Indica.* The Library benefited besides by valuable presents received from the Government of India, the Director of Public Instruction, Panjab, and the Sanskrit College, Calcutta.

The total number of works added to the Library during the year under report was 103 in 146 volumes. Among these 35 works reached Library as presents.

Two hundred and twenty eight volumes were lent during the year under report to teachers and pupils for home use, in addition to those works which were kept available for constant reference in the several classes and in the Library room.

During the year under report the Classified Subject Catalogue of the College Library has been completed, and is now available for use, in addition to the Slip Catalogue already previously prepared. The arrangement of the books, in accordance with the classification adopted in that Catalogue, has also been completely carried out. The work connected with the cataloguing was entrusted to Lala Kripa Ram, Librarian of the Panjab Public Library, whose long practical experience in library management proved specially useful.

House Examinations.

During the year 1897-98, 18 House Examinations by means of written papers have been held for each class of the Oriental College and School under the superintendence of the Principal. These House Examinations embraced all subjects taken up by the students reading in the Degree and High School Classes. For the Oriental Titles Classes 16 House Examinations were held in the different branches of the Oriental Languages and Literatures taught. Two House Examinations were held in English.

An Annual Examination comprising eight written papers was held at the close of the school year 1897-98 for the I. Year Classes of the College and School. The promotions to the II. Year Classes took place in accordance with the results obtained by the students at this Annual Examination.

APPENDIX XVI.

Extract, paragraph 10, from the Syndicate Proceedings, dated 25th November, 1898.

Read paragraph 4 of the Proceedings of the Oriental College Committee of the 8th November recommending that a compassionate gratuity equivalent to six months' salary be granted to the widow of the late Bhai Gurmukh Singh, who as Alexandra Reader had served on the staff of the Oriental College for a period of 21 years. Having regard to the valuable services rendered by the deceased, the Syndicate resolved to recommend the grant of this allowance to the Senate, the cost to be met from the savings of the Current Account as far as it is not covered by the savings effected since the Reader's death from the proceeds of the Endowment.

APPENDIX XVI (A).

Extract, paragraph 6 (*b*), from the Syndicate Proceedings, dated 25th November, 1898.

The payment of the gratuity of Rs. 1,000 to Lala Bihari Lal, who as late Accountant of the University has rendered valuable and faithful services to the University during a period of 16 years, was recommended to the Senate for sanction.

APPENDIX XVII.

Extract, paragraph 9, from the Syndicate Proceedings, dated 25th November, 1898.

With reference to paragraph 20 of the Proceedings of the Syndicate, dated 4th November, 1898, the Registrar laid before the Syndicate the replies received from the Principals of the Dayanand Anglo-Vedic and Islamia Colleges, expressing the willingness of the Managers of their respective institutions to give accommodation to the Vaidak and Yunani Classes, respectively. It was resolved that these offers be accepted with thanks, and that the transfer of these Classes accordingly be recommended to the Senate.

APPENDIX XVIII.

Extract, paragraph 7, from the Syndicate Proceedings, dated 29th July, 1898.

Read a letter, dated 5th July, 1898, from the Revd. S. S. Allnutt, forwarding an application from Dwarka Das for permission to appear at the Final Examination in Civil Engineering of this University. After carefully considering the grounds stated in the Revd. gentleman's letter and the Resolution No. 20 of the Proceedings of the Syndicate, dated 26th November, 1897, it was resolved that the Senate be requested to confer powers on the Syndicate to decline to hold this examination at present, as owing to the want of proper Engineering Classes in this Province for preparing candidates for this Examination, it seemed impracticable to make proper arrangements for the examination.

His Honor the Chancellor of the University arrived at 12 noon and was received at the south entrance of the Government College Hall by the Vice-Chancellor and Fellows of the University and conducted to a raised platform in the Hall, the Vice-Chancellor occupying the seat on his left hand. The Fellows were seated on the right and left of the Chancellor.

The Vice-Chancellor having asked His Honor to declare the Convocation open, His Honor did so.

After the declaration, the Vice-Chancellor read the following Resolutions of the Senate passed unanimously at the Meeting held on the 16th December, 1898 :—

"(*a*). That Sir Charles Arthur Roe, KT., M. A., late Vice-Chancellor of the University of the Panjab, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Laws, and that under the provisions of Section 16 of the Panjab University Act, 1882, the said Degree be conferred upon him *honoris causa*."

"(*b*). That as Sir Charles Arthur Roe will not be able to present himself at the Convocation to be held on the 3rd January, 1899, for the purpose of receiving the said Degree, the said Degree be conferred upon him *in absentiâ*.

The Vice Chancellor then said :—

In bringing this resolution to your notice Sir, and in asking you to give effect to it, I do not think that it is necessary to say much in explanation of the reasons which induced the Senate to pass it. It will be clear from its records that this University is not open to the charge of being lavish in the disposal of its honorary distinctions, and I feel sure that it will be agreed on all sides that what is being done in the present case forms no exception to that rule. Sir Charles Roe's services to the University and in the cause of legal learning are too well known to require that I should dwell on them at length. His labours in what is undoubtedly the most important branch of the law in this Province might by themselves be taken to constitute a sufficient qualification for the distinction, apart from the positions which he has for many years held as Judge and as Chief Judge of the highest Court of the Panjab. His appointment to be Chief Judge came as a fitting climax to a long and distinguished career, during the course of which he devoted, with singular unity of purpose, his whole mind and energies to the discharge of his duty to Government on the one hand and to the people on the other. It would be beside the present purpose to give any detailed account of his career, or indeed to go further back than the time when he became a Judge of the Chief Court ; but it is to be remembered that he laid the foundation for his success in that capacity by long years of patient labour and careful study of the people whose laws he was called upon afterwards to *make*. I use that term advisedly, because it must be well recognised, by those at all events whose duty or business it is to study the subject, that the law-making function of a Judge in the Province is an exceptionally extensive and responsible one. I am far from claiming for Sir C. Roe the exclusive credit of elucidating and defining the principles on which a large portion of our substantive law is founded ; but I will say that it is to his experience and knowledge that the results which have now been attained are in very great measure due.

As regards Sir C. Roe's services to the University, I would observe that the office of Vice-Chancellor is not a merely ornamental position, but involves to the holder a very considerable amount of labour and anxiety ; and in the case of one who has such a heavy burden of official duties on his shoulders, as Sir C. had, it entails, to say the least, the sacrifice of much time that would otherwise be devoted to needful rest or recreation. In your address of last year, Sir, you referred to Sir Charles Roe in the following terms :—" with all the burdens attaching to his important judicial office, burdens immensely enhanced by the hopelessness of the struggle to keep abreast of the ever-increasing stream of work, he accepted the office of Vice-Chancellor in addition, because he realised that a public duty lay upon him ; and I know that I shall be truly representing the feeling of our late Chancellor, as well as of this Convocation, when I say that for this willing yet onerous service he has deserved and fully gained the gratitude of the Panjab University."

It is with full confidence, therefore that I say in the words of the resolution that Sir C. Roe is " by reason of his eminent position and attainments a fit and proper person to receive this degree." I would accordingly ask you, Mr. Chancellor, to confer it on him, *in absentiâ*.

The Chancellor then conferred the Degree of Doctor of Laws upon Sir Charles Arthur Roe, KT., M. A., in the following words :—

" In accordance with the Resolution of the Senate just read, and by virtue of the authority vested in me as Chancellor of this University, I admit Sir Charles Arthur Roe, KT., to the Degree of Doctor of Laws, and, in token thereof, I command this Diploma to be given to him, and I authorize him to wear the robes ordained as the insignia of this Degree."

The Registrar then reported to the Chancellor the names of the persons who, having successfully passed the examinations prescribed by the several Regulations since the last Convocation of the University, were recommended by the Senate for degrees under Section 14 of the Panjab University Act. The names are as follows :—

When all the Degrees had been conferred and all the presentations had been made the Vice-Chancellor delivered the following address to the Convocation :—

MR. CHANCELLOR AND GENTLEMEN OF THE SENATE.—It is the practice at this stage of the proceedings that the Chancellor or the Vice-Chancellor should deliver an address dealing with the affairs of the University and any other matters of interest that may suggest themselves in connection with education generally, and conveying words of wholesome admonition and advice to the graduates and under-graduates. In accordance with that practice I now rise to bring the proceedings of the Convocation to a close in the usual manner. I should have wished, for the sake of my hearers as well as for my own, that it had been possible for His Honor the Chancellor to have delivered the address; but that might not be, if for no other reason, because he performed the function in person last year, treating the Convocation to what I hope I may be allowed to refer to as an extremely eloquent speech in which he discussed in a most comprehensive manner the affairs of this University and some of the more serious problems that arise in consequence of the spread of higher education.

In immediately following His Honor the Chancellor I necessarily labour under many serious disadvantages, the principal of these being, perhaps, at all events from my point of view, that of comparison. You will not, I can only hope, judge of my poor effort by the high standard which he has set, or expect me to approach to that Another disadvantage that I may mention is the want of his intimate acquaintance with the affairs of the University and of educational matters generally: and, on the whole, I really feel ashamed at being able to offer such inferior fare after the sumptuous repast which was provided for you on the last occasion.

In years preceding the last, moreover, you have been accustomed in this hall and at previous Convocations, to listen to speeches characterised by a degree of eloquence to which it would be hopeless for me to expect to attain. I may say, by way of the usual personal explanation and apology, that it was with much doubting that I brought myself to accept the honor for which you, Mr. Chancellor, were pleased to select me in nominating me as Vice-Chancellor of this University, doubting that was due not to any disinclination to underake the burden of the work involved, but to a genuine consciousness of my inability to continue the succession of my distinguished predecessors. My unfitness for the office is brought home to me with special force on the present occasion. It is true that in the past I have taken a part, a very humble part, in the management of the affairs of the University, but to such a distinction as to be its Vice-Chancellor I certainly never dreamt of aspiring. Of my own immediate predecessors, whose combined tenure of the office of Vice Chancellor covered a period of nearly ten years, or a good deal more than half of the term of existence of the University, Sir Charles Roe has left the country for good, and has thus finally severed his direct connection with the University. The other, Sir W. Rattigan, is, I trust I may say, only temporarily absent from the scene of his labours and triumphs, so that we are not as yet necessarily deprived of the benefit of his great experience in University affairs, and of the assistance and advice which he was at all times so ready to afford. You have to-day heard the resolution adopted by the Senate which confers on Sir Charles Roe the highest reward and marked distinction that the University has it in its power to bestow. A similar distinction had been already conferred on Sir W. Rattigan, and I am tempted to say that, in conferring it, the University has by no means fully discharged the deep debt of gratitude which it owes to him, though it has done all that lies in its power in that direction None but those of us who had the privilege of being associated with Sir William in his labours during the dark and troubled days of our history are, perhaps, able to appreciate the extent of that debt.

With these few preliminary observations I will now come to the main subject of my address. And I may explain at once that it is my intention to confine myself on this occasion almost exclusively to the affairs of the University.

It has been said that that country or nation is happy which has no annals, and we may congratulate ourselves that for some years past the history of the Panjab University has not been very eventful, or of a nature to attract attention forcibly. The record might almost be said to be a dull one, but I think you will agree with me that that is in itself a very healthy sign. The tale has been a simple one of continued peace, progress and prosperity, with no very striking incidents. That it was not ever so is a fact that will be still no doubt within the recollection of many of the Fellows, but this also is subject for congratulation that we have left our troubles so far behind that they are now at most nothing worse than a painful memory.

The report of the past year which has been printed and circulated, is in every respect a most satisfactory one. Our machinery may be said to be now in a condition of high efficiency, well suited to the purposes for which it is intended. Petty defects in details of the working must necessarily come to light from time to time and require removal. Further, what I may call our " business," is an ever-expanding one. With a system of education rapidly extending throughout the Province, it is inevitable that we should constantly have to meet fresh requirements in all departments, and I think that I may confidently say that we have not lagged behind, but have, so far as the resources at our disposal permitted, met all such fresh requirements in a very sufficient manner.

Taking the figures of our operations during the past year, it will be seen that the total number of candidates who appeared at the University examinations proper, that is all examinations conducted by the University above the Middle School test, increased in the year from 3,364 to 3,815, or by 13 per cent. This is no doubt a large increase for one year, but the rate of progress has been maintained for some years past, as I find that in 1894 the total number was 2,363 so that there has been an increase of 60 per cent. in the last five years. I think that these figures scarcely require comment. Figures are not generally eloquent, but these seem to me to speak for themselves, and to indicate, on the one hand, the pace at which higher education is still spreading, and, on the other, the rate at which the operations of the University are extending. In the Arts and Law Faculties at all events the increase has been an all-round one with the single exception of the M. A. degree, where there was a slight falling off, which may be regarded as accidental in the always limited number of candidates. The increase is not merely in the number of candidates, for that in itself might mean very little. Taking the Arts and Oriental Faculties together, we find that, although the number of those who took their degree of Master of Arts or of Oriental Learning has fallen from 17 to 9; the number of degrees of B. A and of B. O. L. has increased from 105 to 144, the figure for the past year being the highest on record. In the Entrance and Intermediate examinations the total of passes increased in the single year from 1,145 to 1,400.

The rate of progress shown by these figures is no doubt very considerable, and might, at the first blush, appear to furnish some ground for the not uncommon criticism that higher education is proceeding too rapidly, and that the supply of young men who have taken a University degree or passed one or other of the preliminary examinations, is getting far in excess of the requirements of the Province. But, if we apply a test that would suggest itself naturally to most people, we find that with a population exceeding twenty millions, the Panjab has produced 153 graduates in the last, which was its record year; can that criticism be held to have any good foundation? No doubt if we were to adhere to the view that the University is merely turning out qualified candidates for Government employment, and that a graduate had only that career before him, with a possibility of falling back on the Law as a profession, the results might seem scarcely satisfactory. But I am not one of those who believe that the field of employment for graduates is or must remain thus restricted. It seems to me impossible to believe that the demand will not in this instance keep pace with the supply. We see signs around us that the Panjab like the rest of India, is passing through a stage of economic change, not very rapidly perhaps, but, I think, steadily. It is ceasing to be, so exclusively as it was an agricultural and raw-product yielding country; and the development must bring with it new opportunities and open out new fields of employment for educated young men. Here one must expect to be confronted with the charge that our higher education, far from suiting, actually unsuits, the youth of the country for employment in what may be included in the term "business" The foundation for that charge, for it undoubtedly has some foundation, I cannot personally regard otherwise than as a passing phase. I cannot doubt that a field of employment, commensurate with the supply, will eventually open out for those who have received a complete University education, and have taken a degree. In this question of the employment of intellectual labour there are of course two points of view, that of the employer and that of would-be employé. It appears to me that, if there is any apparent disinclination of the two forces to come together, that is due, to a considerable extent at least, to the inability of the supply to adapt itself to the requirements of the demand. That is an aspect of the question which I would desire to impress upon the students. The passing of a University test should be regarded, not so much as in itself a qualification for employment, but rather as a means of qualifying

A young man who has passed such a test *ought* to be better suited for Government or private employment, or to make his way in a profession, than one who has not. Whether, in fact, he *is* found to be better suited, must depend on himself and on his power to take full advantage of the superior qualifications which he possesses. This question is a constantly recurring one, and it is difficult to say anything new with regard to it. I hope that the view which I have expressed will not be looked upon as that of a mere theorist, and I put it forward as the result of such limited experience as I possess. The day is undoubtedly passing, if it has not already passed, when everyone who had taken a degree of the Panjab University might reasonably consider that he had thereby set himself up in life and provided himself with the means of comfortable subsistence ; and the sooner this is realised the better. The graduate of the future must at all events be content to start at a lower level, and to trust more to the qualities which have enabled him to take his degree than to the degree itself for advancement. There is certainly no cause for discouragement in this altered state of affairs, which is indeed inevitable. I have been tempted by the figures of the Arts and Oriental Faculties to diverge into this discussion. To return to the other details of the past year, the number of candidates in the Law examinations increased from 311 to 395, and of successes from 194 to 215 in the single year. Of the passes 94 were in the Preliminary examination and 70 (as compared with 26 for the preceding year) in the First Certificate Examination, the qualification for the lowest grade of legal practitioners. In the more advanced examinations there has been a falling-off in the comparatively limited numbers. The development in this branch of our operations is a subject on which I shall have something to say later on.

In the Faculty of Medicine the number of candidates was practically the same fo the two years, while the number of passes by the Second examination for the L. M. S. and M. B. increased from 10 to 16.

In the Faculties of Science and Civil Engineering, the operations are still in the initial stage, and there are no results beyond the preliminary tests. In those they are, on the whole, promising.

As regards the Oriental Titles Examinations, it is here only necessary to notice the increase in the number of passes from 130 to 143.

So much for the figures of the past year. I now propose to take you a little further back, and I will make my retrospect as brief as possible. The present occsaion appears to me to be for several reasons a suitable one on which to review the progress of the University since 1888. That year may be regarded as marking the commencement of a new era in our history, and we have now completed a period of 10 years since then.

The University's work during a given period may be judged partly from the organic changes and improvements effected in its system, and partly from the development which has taken place in the scope of its operations.

During the last few years the organic changes in the University's examinations and constitution have been limited in number. In 1897-98 the constitution of a Special Law School Committee and the commencement of organised work in the direction of providing approved vernacular translations of higher University text books were the main reforms of note. The latter object is one of which it would be difficult to exaggerate the importance, and the progress made is on the whole encouraging.

In the year 1896-97 the chief change was the thorough revision of the regulations for the Medical Examinations. By the revised regulations the standard of general education required from medical students was raised from the Arts Entrance to the Arts Intermediate test. At the same time the subjects of the First L. M. S. and M. B. Examinations were divided into two separate tests with one year's interval between the two. This arrangement enables students to prepare themselves thoroughly in the preliminary Natural Science subjects before they proceed to the more specially professional branches of their course.

In 1895-96 the University Sports Tournament was instituted for the first time on the initiative of Sir W. Rattigan. It has proved in practice a most decided success, and may be relied on to have the effect of stimulating the physical training of the youth of the country by producing a spirit of healthy competition between the various colleges. In the same year Special Standing Sub-Committees were constituted, to which the important duty of selecting Examiners for the several Faculties' Examinations is now mainly entrusted. Experience has shown that careful selection or the retention of thoroughly competent Examiners, a matter on which the value of the examinations and of the tests must to a large extent depend, can best be assured by placing this duty in the hands of small bodies of experts having full knowledge of the practical working of the University tests and of the instruction given in the colleges.

There have been a considerable number of minor changes made in the various regulations during these years, but they did not affect materially the general lines on which the University's work has been carried on since the era of re-constitution marked by Sir W. Rattigan's first terms of office as Vice-Chancellor.

If the number of important reforms has been limited during the last few years, this has been chiefly due to the thoroughness with which the work of overhauling the whole organization of the University was carried out in the early part of the decade 1888—1898.

The grave disorders brought to light in 1887 in the working of the University examinations, and the serious financial troubles of the University had shown the necessity of thorough reform, and of a "new start," as Sir Charles Aitchison put it. In 1888 the Syndicate was re-constituted as an executive body. Boards of Studies were organized to supervise the courses of studies in the several Faculties, and to secure uniformity in the conduct of the University examinations. They have proved most useful in developing a guiding tradition in these matters, and thus preventing all violent fluctuations.

In order to assure proper and permanent supervision of the University office and of the Oriental College, the first teaching institution directly under the University, the posts of Registrar and Principal of the Oriental College were combined and filled by the appointment of an Orientalist. This arrangement enabled the University to secure the services of its present Registrar, Dr. Aurel Stein, who had already laid the foundation of a reputation which has now placed him in the first rank of Orientalists throughout the world. Great though his reputation as an Orientalist undoubtedly, is, I am almost inclined, looking at the matter from the more narrow point of view of the success of the University, to lay greater stress on his services as Registrar than as Principal of the Oriental College. It is to Dr. Stein's great business capacity and his unfailing tact in the discharge of his duties as Registrar, that the present assured position of the University is in a very considerable measure due. We might, perhaps, have been able to secure the services of a competent Orientalist, or we might have been able to secure those of a competent Registrar ; but in finding the happy combination of the two sets of qualifications in its present Registrar and Principal, the Panjab University has indeed been fortunate.

Special efforts were next made to put the University's finances on a sound basis. The year 1888 had closed with a considerable deficit. By a careful revision of the expenditure and general husbanding of the University's resources it became possible to change this deficit into a yearly increasing surplus, until the University has now secured not only a steady financial equilibrium in its annual budgets, but also a very respectable reserve fund to meet exceptional circumstances. The very much involved accounts of all Trusts and Endowments were completely cleared and adjusted. The University did not shrink from financial sacrifices until the last traces of the confusion of Current and Trust accounts, inherited from pre-University times had been effaced. The Board of Accounts, instituted a few years later, has done much to maintain the prinicples of financial order and economy which have secured to the University a sound material position and that independence in the control of its affairs which it must desire as much as any private individual.

The regulations for the numerous examinations had become to a certain extent confused, owing to the frequent changes which the experience of the first few years had rendered necessary in the rules originally adopted, not having been properly codified. This serious defect was put right at the expense of no small trouble. Ever since 1890 it is possible to ascertain, by a glance at the Calendar what are the definitely sanctioned rules under which the University carries on its often complicated work. The Regulations for the Law School and the Law Examinations underwent a thorough revision at the beginning of the decade now closed. The same was effected a little later for the Arts Examinations, on the principle that the number of subjects should be reduced and greater thoroughness in each required. The choice left to students in regard to subjects more adapted to their individual taste has proved a distinct educational benefit.

The best evidence of the care and circumspection with which these examination reforms were introduced, is contained in the fact that no material departure from the principles then embodied has become necessary during the years which have followed.

In regard to the practical working of the examinations by the University's executive officers, it may be enough to point out that since 1888, up to the end of 1898, there has been not a single case of leakage of question papers or any other incident affecting the value of University examinations as educational tests. This result was secured notwithstanding that the extent of the University's operations as an examining body has fully doubled during these ten years.

A few figures will best illustrate the development in the scope of the University's work which has taken place nce 1888. While in that year the total number of candidates for all examinations conducted by the University ncluding the Middle School Examination) was 5,295, it was 10,633 in 1898 The number of Arts candidates has ore than doubled, having risen from 1,198 to 2,987. That the increase has not been restricted to this, the largest Faculty, is shown by the following figures :—

	1888.	1898.
Law Faculty	65	395
Medical Faculty	23	108
Oriental "	249	306
Engineering Faculty	2	19

The financial development of the University has kept pace with this great increase in its examination operations. While in 1888 there was an expenditure of Rs. 88,600 against an income of only Rs. 81,000, the University in its budget year 1897-98 spent Rs. 1,38,000 out of an income of not less than Rs. 1,57,000. The available cash balance which on the 1st January 1888 was only Rs. 7,700, had risen on the corresponding date of 1898 to fully Rs. 76,000, *i. e.*, had become nearly ten-fold. It is only right to remember, with reference to these figures, that, in view of the wide field of activity which lies before the University as a body constituted to take a direct share in the higher instruction of the Province, the resources at its disposal are yet, comparatively speaking, limited.

The University is bound by its statutes to maintain two teaching institutions, the Oriental College and the Law School. In both the necessity of reform was urgently felt at the beginning of the decade.

For the Oriental College, the University, as already noticed, provided in 1888 a permanent Principal in the person of a European scholar with Orientalist attainments. On the recommendations of a Special Committee, presided over by Sir W. Rattigan, the classes of the College were thoroughly re-organized. The classes preparing for the University's examinations in Oriental classical literatures were completely separated from those preparing for the degrees of the Oriental Faculty. Instruction in the English language was provided for the students of the former classes in order to fit them better for their duties as teachers in Arts schools and colleges. That the results of these reforms are appreciated is shown by the fact that students who have passed the highest language examinations from the College, find, almost without exception, early employment as teachers of Oriental Classics in and outside this Province. The function which the College discharges as a seminary for the study of Indian classical literatures and languages is one of no small importance. The prominent place which all Indian Universities allot to these studies in their curricula of general education, shows sufficiently that those who are responsible for fixing the lines on which the higher instruction of the youth of the country is to proceed, have fully realised the necessity of connecting the mental culture of modern India with the literary and scholarly traditions of historical India.

It is clear that the teaching of classical Indian languages in our modern schools and colleges, if it is to be effective, pre-supposes instructors thoroughly versed themselves in the great fields of learning presented by Sanskrit, Arabic and Persian classical literatures. Considering the serious difficulties with which Indian students have to contend, when acquiring a knowledge of Western sciences through the medium of English, it is not possible to expect that many of them could at the same time acquire also that degree of familiarity with Oriental Classics which a teacher must attain. For some time to come yet it will be difficult to find Arts Graduates who will be able to compete with the Pandits and Maulvis of a recent past in the mastery of their respective classics. It is here that important help must be looked for from the Oriental diploma holders trained in the Oriental College. The instruction there given aims at turning out students who are fully imbued with the spirit of the traditional studies and at the same time capable of fostering regard and interest for them in others whose mental activity is largely absorbed by Western studies.

It is believed that the work of the Oriental College, as recognized since 1888 has been steadily progressing in the direction indicated. Naturally, the change in the methods of Oriental classical instruction can only be a gradual one. It must set in first in the institution which is practically the seminary and training college for Oriental teachers in the Province. It is satisfactory to note that the number of students reading for Oriental diplomas in the College has increased not inconsiderably since 1888, and that this branch is sufficiently popular to attract students also from neighbouring Provinces.

In the other department of the Oriental College students are prepared through the medium of Urdu or Hindi for the General Knowledge examinations, including the B. O. L. and M. O. L. degrees of the Oriental Faculty. It has been recognised as a fundamental object of this University to provide students with the means of acquiring a full knowledge, through the medium of the vernacular, of the subjects taught on the Arts side. That object is most prominently set forth in the Act of Incorporation; but the difficulties in the way of attaining it are, to say the least, serious. In view of the very complete exposition of this subject, given by His Honor the Chancellor in last year's Convocation address, I need scarcely make any excuse for merely mentioning it, and indeed it would be presumptuous on my part to do more than refer to it in passing. It may be hoped that the action of the Syndicate and the Senate towards the preparation of approved vernacular text-books will have some effect in the direction of removing one of the chief difficulties in the way of the students in this department. There are at present 39 students in the Oriental College and School preparing themselves for the Oriental Faculty Examinations on the General side. It may further be noted that while the number of students on the College roll is now considerably larger (160) than at the time the re organisation was effected, the number of stipends given by the University has been reduced to less than one half of what it was in 1888.

The other not less important teaching institution of the University is its Law School. Since its re-organisation in 1888 the Law School has witnessed a truly remarkable and, from a financial point of view, most satisfactory expansion. The number of Law School students in 1888 was about 50, while the corresponding figure for the current year is not less than 450. The income realised by the University has risen in due proportion from Rs. 6,700 in 1888 to Rs. 34,000 in 1897-98. The fact that the expenditure on the Law School, which in 1888 was Rs. 5,100, has nearly doubled, proves that the University is alive to the increased responsibility in the matter of efficient tuition which is necessitated by this remarkable extension. For the rest I will only say that the Law Faculty has of late been devoting and will, I trust, continue to devote, very serious attention to the arrangement of the School. Speaking as a working member of that Faculty, I may say that we fully recognise the necessity of effective supervision over the teaching operations, and that at all events some extension of their scope appears to be called for.

I fear that I have already tried your patience severely by these details, which can scarcely be regarded as of general interest, however much they may appeal to a limited number of experts. But I have now done, and it only remains to address a few words to the graduates and under graduates. Here I find it very difficult to say anything that has not been said much better before. His Honor the Chancellor in his address of last year drew the attention of the graduates in the most impressive manner to the three promises which they made as a condition attached to the degrees conferred on them. I cannot do better than follow his example, and impress upon you, graduates, that these promises are not merely formal adjuncts to an academical distinction which you have gained by your abilities and industry.

You have promised in the first place that you will in your daily life and conversation conduct yourselves as becomes members of the University, that you will in the second place, to the utmost of your opportunity and ability, support and promote the cause of *morality and sound learning*, and finally that you will, as far as in you lies, uphold and advance social order and the well-being of your fellow-men.

It seems to me that if you were to act up to these promises, if you were before hand to apply the test of these promises to your every act and speech, you would lead model lives. It is, however, given to few of us to live up to a standard even when we set it up and try to keep it distinctly before us. It is not in human nature to be perfect, and the best of men are daily and hourly conscious of backslidings and failures to come up to the ideal which they have set up for themselves. But unless you have some standard and endeavour to keep up to it, your lives must of necessity be haphazard ones, and your doing well or ill little better than a matter of accident. I cannot, I think, give you better advice than to keep the promises which you have to-day made steadily in view, and to do all that in you lies to act up to them.

One point to which I would desire to direct your attention in referring to these promises is the juxtaposition in the second of *morality* and *sound learning*. The association is not, I think, a chance one, for no learning can be sound that does not go hand in hand with morality. There may be some excuse for the ignorant man sinning, but for him to whom the book of knowledge is open there can be little excuse.

In conclusion, there is one word that I am tempted to say to the graduates and under-graduates. Oriental courtesy and good manners have ever been proverbial. It is a common enough criticism that in this respect those who have received a liberal education at our Universities have fallen away from the practice of their forefathers, and this result is usually attributed to our educational syestm. I am certainly not going to find fault with education because it has a tendency to make men indepedent. What I wish to impress upon you is that mere self-assertion is no proof of independence. You are no doubt in a difficult position between two cultures, that of the East on the one hand, with its conservatism and its reverence for the past and for whatever is, and on the other that of the West with its methods and its tendencies to take nothing on trust, but to subject all knowledge to the most practical of tests. Education is no doubt a great leveller, and knowledge is no doubt power. But the overweening pride and superiority which too often, I fear, accompany success at a Universitiy are really evidence, not of learning, but of the shallowness of the knowledge acquired. You should remember that after all the most successful student is merely at the out set of his career. He has been equipped with a keen weapon that will enable him, if he uses it aright to win his way to success. But if he merely slashes about with it on all sides, it will certainly be of no advantage to him. Do not suppose that I am counselling servility. As you get on in life you will find that a courteous bearing, whether to your superiors, equals or inferiors, is perfectly compatible with the fullest measure of self-respect, and has much to do with success in life. You will find that self-interest, if no higher motive, will suggest your following this course, and my closing advice to you is, cultivate courtesy and avoid arrogance and self-assertion.

At the conclusion of the Vice-Chancellor's address, His Honor the Chancellor declared the Convocation closed.

His Honor was then conducted by the Vice-Chancellor and Fellows to the south door of the Hall and took his departure.

CIRCULAR No. 6.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 25th April 1899.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS, AND SETTLEMENT COMMISSIONER, PUNJAB.

Sub-head No. 2.
File No. 309.

UNDER the rules appended to paragraph 5 of Revenue Circular 16, a separate character roll in the form given on pages 58-59 of Volume I of the Punjab Revenue Circulars is required to be maintained for each member of the Revenue and Settlement establishments and of office establishments of Deputy Commissioners, Commissioners and the Financial Commissioner, who is in receipt of Rs. 30 per mensem or upwards. For other members of those establishments drawing less than Rs. 30 a general character book is maintained under the orders contained in Financial Commissioner's Circular No. 20 of 1855 and Book Circular No. LVI—23 of 1859.

2. With the previous sanction of the Local Government, the Financial Commissioner now issues the following instructions for information and guidance.

3. A character roll will for the future be maintained for every member of superior service (as defined in Article 435, Civil Service Regulations) of the Revenue and Settlement establishments controlled by the Financial Commissioner and Settlement Commissioner, Punjab, and by Commissioners, Deputy Commissioners and Settlement Officers, and of Judicial establishments controlled by District Magistrates for whom a separate character roll is not at present maintained under the rules appended to paragraph 5 of Revenue Circular 16. The general character book now maintained in each district will therefore be discontinued.

4. The character roll will be of the same size and description as the service book, and will be kept in the same custody (see Article 881, Civil Service Regulations). It will contain one head only, corresponding to Part IV of the present character roll (page 59 of Revenue Circular 16). Instead of the *N. B.* on that form, the following will be substituted:—"*N. B.*—Date each entry, and add in a clear hand the name and rank of the officer making it."

5. The entries in the new roll will be written up retrospectively from the entries in the former general character book. Heads of offices should arrange for officials either to write up the entries themselves or get them copied at their own expense. The entries so written up are to be attested by the Head Clerk. The head of the office may fix for his own subordinates the date within which the order should be complied with.

6. These orders will apply only to officials on the Permanent Establishment. No character roll will be maintained for officials on the Temporary Establishment or for officials of inferior service. The rules appended to paragraph 5 of Revenue Circular 16 will, *mutatis mutandis*, apply to the character rolls, the maintenance of which is now directed.

Code, Chapter I., paragraph 51, and Director-General Military Works' Circular No. 35 A., dated 12th October 1893, to inform the Principal of the extent of their requirements in these grades.

Notification.

THOMASON COLLEGE, ROORKEE.

AT the Annual Examination of the Students of this College, which will be held in July 1899, it is anticipated that about 15* Upper and 50 Lower Subordinates will qualify for the appointments of 2nd and 3rd Grade Overseer and 3rd Grade Sub-Overseer respectively. Officers requiring men are requested, with reference to P. W. Code, Chapter I., paragraph 51, and Director-General Military Works' Circular No. 35 A., dated 12th October 1893, to inform the Principal of the extent of their requirements in these grades.

Early intimation will enable the Principal to select men suitable for service in particular localities and on special works. Many of the men now being trained promise to turn out good subordinates, and it is proposed, as far as possible, to appoint the best men in the order in which applications are received.

2. When candidates are taken it is particularly requested that they may be placed for training during their period of probation under judicious and competent officers. It is certain that the future of a subordinate depends quite as much on the nature of his early training on works as on his previous theoretical education.

3. The selection of suitable men will be greatly facilitated if the following particulars are supplied :—

Number of candidates required.	Grade or class.	For what locality.	Nature of employment—Survey or Works.	Temporary employment or probation for permanent.	If temporary, probable duration.	Rate of pay and travelling allowance.

N. B.—Men can be supplied qualified as—

2nd Grade Overseer.
3rd " "
3rd " Sub-Overseer.

Draftsman and Computer.
Mechanical Foreman.
Press Manager.
Photo-mechanical Operator.

* In excess of the guaranteed appointments.

4. In all cases travelling allowance at the rate of two annas per mile by road and double third class fare by rail, for the distance from Roorkee to their respective destinations, will be advanced by the Principal of the College to passed Lower Subordinate Students on their first appointment to the Public Works Department, and travelling allowance under the Civil Service Regulations to Overseers, to be refunded to him by the Executive Engineer under whom they are appointed to serve.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 7.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 19th June 1899.

To

ALL COMMISSIONERS, THE SETTLEMENT COMMISSIONER AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Enjoins the considerate application of Section 44, Punjab Tenancy Act, and careful observance of the provisions of Sections 68 and 71 of the Punjab Tenancy Act, and directs that no order be passed for the ejectment of an occupancy tenant until the question of compensation, &c., has been decided.

THE Financial Commissioner's attention has been drawn to certain "hard cases," in each of which an occupancy tenant was ejected from his holding under Section 44 (1), Punjab Tenancy Act, because an arrear of rent had remained unsatisfied for more than 15 days after notice to pay and warning as to ejectment in default of payment had been served on him.

2. The above section is a penal provision intended to protect landlords against loss by the contumacious refusal of their occupancy tenants to pay rent due. At the same time as the tenant's disregard of a notice under sub-section (1) of Section 44 may be a consequence of ignorance, the Revenue Officer is in sub-section (2) only required to order the ejectment "unless good cause is shown to the contrary." This sub-section enables a Revenue Officer to order the attendance of both parties before him and to take such action as may prevent the acquisition by the landlord of a valuable property for the often comparatively nominal amount of the unsatisfied arrear of rent. When the arrear has not been paid and from poverty or other reason the retention of his holding by the occupancy tenant is not advisable, it is probable that the landlord would readily accept a suggestion that his tenant's rights including the tenant's claims to compensation under Sections 68 and 71 of the Act would be most equitably extinguished by a money payment to the tenant. An arrangement of this sort of course depends on the consent of the landlord, but where it has been tried it is believed that as a rule he at once admits the fairness of the suggestion and allows the defaulting tenant half or more of the value of the tenant-right.

3. The Financial Commissioner requests Collectors to impress upon the Revenue Officers of their districts that unless the Punjab Tenancy Act is worked considerately it tends to help the strong against the weak, and that when landlords seek to eject occupancy tenants because of an unsatisfied arrear of rent—a class of case in which the law is sometimes mechanically enforced—sub-section (2) of Section 44 should be sympathetically applied. The Financial Commissioner further requests that in all such cases the Revenue Officer concerned before ejecting the defaulting occupancy tenant will cause him to appear personally. On his appearance the tenant should be clearly warned of his danger, and if the difference between the arrear of rent due and the value of the tenant-right is great the Revenue Officer should endeavour to effect some composition between the parties.

4. Further, the Financial Commissioner desires that the provisions of Sections 68 and 71 of the Punjab Tenancy Act be carefully observed, and that no order of ejectment be passed until the question of compensation has been decided and, if compensation be found due, the amount—less the arrears of rent due—has been paid by the landlord to the tenant.

By order,
W. S. HAMILTON,
Senior Secretary to the Financial Commissioner, Punjab.

CIRCULAR MEMO. No. 3.

FINANCIAL COMMISSIONER'S OFFICE:

Dated Lahore, 19th June 1899.

To

ALL DEPUTY COMMISSIONERS IN THE PUNJAB.

Communication by local officers of special information regarding agricultural conditions.

COPIES of the following extracts are forwarded with the request that Deputy Commissioners will communicate to the Director of Land Records and Agriculture, Punjab, any such matters of special interest relating to the agricultural conditions of their districts as are referred to in the extract from the seventh

Resolution of the Government of India.

By order,
W. S. HAMILTON,
Senior Secretary to the Financial Commissioner, Punjab.

Extract paragraph 6 from the seventh Resolution of the Government of India on the proceedings of the Agricultural Conferences of 1893 and 1895-96, published with Punjab Government Proceedings, Revenue and Agriculture (Agriculture), for June 1898, Nos. 3—19.

6. Beyond the information thus specially sought for there are many facts and statistics which are brought to the notice of district officers in their inspection of the records or otherwise, which are of sufficient interest to deserve compilation and perhaps eventual publication by a central office. Thus in the abstracts (to which allusion has already been made) of village statistics, the occurrence of various agricultural defects in particular localities may be brought to light. In one group of villages it may be the prevalence of a noxious weed, in another the continual recurrence of a plant disease, in a third the spread of saline efflorescence, in a fourth the appearance of an obscure cattle murrain. Some system should now be established under which district officers should be encouraged to communicate to the Department of Land Records notes of any remarkable facts bearing on agricultural conditions which may come to their notice through the village abstracts. It would probably suffice that an order should be given by the district officer directing that a copy of any entry in the circle books recording the occurrence and cause of any serious deterioration affecting a group of villages or an agricultural tract should be sent to the office of the Department of Agriculture.

Extract paragraph 39 from the Annual Report of the Director of Land Records and Agriculture, Punjab, for the year ending 30th September 1898.

39 No system has as yet been established under which local officers communicate from time to time to this department facts of special interest which are brought to their notice during their tours and inspections, although some Annual Revenue Reports occasionally contain a reference to such occurrences. Last year, for instance, the Deputy Commissioner of Umballa gave an account of the excellent results achieved by the planting of the *bind-pula* grass in checking the destructive action of hill torrents in his district. This note was printed as an appendix to the annual report of this department and circulated to all other Deputy Commissioners in the Province. If local officers were in the habit of supplying this office with any remarkable facts bearing on agricultural conditions which happened to come to their notice, a useful store of information would gradually be rendered much more widely available than is the case at present. But the officers who are likely to come across such facts—I refer to Deputy Commissioners, Revenue Assistants and Tahsildars—have their time fully occupied already with the ordinary details of the administration. In the meantime, however, a beginning might be made if the Government would issue some such order as is suggested in the last sentence of paragraph 6 of the seventh Resolution.

Extract paragraph 5 from Punjab Government letter No. 28, dated 28th April 1898.

5. With reference to paragraph 39 of the Report, which deals with the communication of special information by local officers, I am to request that orders may be issued by the Financial Commissioner to district officers in the sense desired by Director of Land Records and Agriculture.

THOMASON COLLEGE, ROORKEE.

AT the Annual Examination of the Students of this College, which will be held in July 1899, it is anticipated that about 15* Upper and 50 Lower Subordinates will qualify for the appointments of 2nd and 3rd Grade Overseer and 3rd Grade Sub-Overseer respectively. Officers requiring men are requested, with reference to P. W. Code, Chapter I., paragraph 51, and Director-General Military Works' Circular No. 35 A., dated 12th October 1893, to inform the Principal of the extent of their requirements in these grades.

Early intimation will enable the Principal to select men suitable for service in particular localities and on special works. Many of the men now being trained promise to turn out good subordinates, and it is proposed, as far as possible, to appoint the best men in the order in which applications are received.

2. When candidates are taken it is particularly requested that they may be placed for training during their period of probation under judicious and competent officers. It is certain that the future of a subordinate depends quite as much on the nature of his early training on works as on his previous theoretical education.

3. The selection of suitable men will be greatly facilitated if the following particulars are supplied :—

Number of candidates required.	Grade or class.	For what locality.	Nature of employment—Survey or Works.	Temporary employment or probation for permanent.	If temporary, probable duration.	Rate of pay and travelling allowance.

N. B.—Men can be supplied qualified as—

2nd Grade Overseer.	Draftsman and Computer.
3rd " "	Mechanical Foreman.
3rd " Sub-Overseer.	Press Manager.
	Photo-mechanical Operator.

* In excess of the guaranteed appointments.

4. In all cases travelling allowance at the rate of two annas per mile by road and double third class fare by rail, for the distance from Roorkee to their respective destinations, will be advanced by the Principal of the College to passed Lower Subordinate Students on their first appointment to the Public Works Department, and travelling allowance under the Civil Service Regulations to Overseers, to be refunded to him by the Executive Engineer under whom they are appointed to serve.
